Dear Supervisors:

**RECOMMENDATION TO APPROVE A SOLE SOURCE CONTRACT
FOR WORKERS' COMPENSATION CLAIMS ADMINISTRATION
SYSTEM MAINTENANCE AND HOSTING SERVICES
(ALL DISTRICTS – 3 VOTES)**

CHIEF INFORMATION OFFICER RECOMMENDATION:

APPROVE (X) APPROVE WITH MODIFICATIONS () DISAPPROVE ()

SUBJECT

This letter seeks your Board's approval for a sole source Contract with P&C Claims, Incorporated (P&C), for maintenance and hosting services to support the workers' compensation claims administration system and to upgrade the system and convert the files from the 27-year-old database to a modern database, for a base term of three years, with three, one-year options to extend the contract, effective March 1, 2012, at a maximum contract cost of \$2,885,232 including extensions.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve and instruct the Chairman to execute the attached sole source contract with P&C for application hosting and maintenance services to support the Workers' Compensation Claims Administration System (System), upgrade the system and correct the database. The base contract will be effective for three years, commencing March 1, 2012, with a maximum contract sum not to exceed \$1,519,684, and includes an option to extend services up to three additional one-year terms.
2. Delegate authority to the CEO to execute the software agreement pursuant to the provisions of this contract.
3. Direct the CEO to immediately initiate the Request for Proposals (RFP) process for a workers' compensation claims administration system.

"To Enrich Lives Through Effective And Caring Service"

**Please Conserve Paper – This Document and Copies are Two-Sided
Intra-County Correspondence Sent Electronically Only**

4. Direct the CEO to report back in July 2012, and every six months thereafter, on the status of the RFP development and the conversion of the current workers' compensation system to a modern database system.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The contractor, P&C, is the successor company to GenSource, which was the original contractor that provided, installed, custom designed, maintained, and hosted the System. Currently, 300 users, including the County of Los Angeles (County) workers' compensation third party administrators (TPAs), medical management and cost containment contractors, short-term and long-term disability benefit administrator, CEO Risk Management Branch, County Counsel, and other County departments, depend on the System's applications to manage the County's workers' compensation claims administration program, process indemnity payments to injured employees, issue medical payments to healthcare and ancillary service providers, generate State-mandated benefit notices, and issue reports required by State and Federal entities. Failure to issue timely payments will subject the County to costly penalties and potential loss of its certificate to self-insure. The proposed contract maintains the current system, while providing a significant system upgrade and conversion to a modern database system at a very cost-effective price.

Implementation of Strategic Plan Goals

The recommended actions are consistent with the County's Strategic Plan Goal 1, Operational Effectiveness, by ensuring continuous and effective service delivery systems. The contract and system are in accordance with the current CEO Business Automation Plan (BAP).

FISCAL IMPACT/FINANCING

The maximum base term contract cost will be \$1,519,684, which is itemized as follows:

- A maximum \$749,184 total for system maintenance and support, including software upgrades to support 300 users;
- A maximum \$310,500 (\$103,500 per year) for State of California-mandated electronic transfer of workers' compensation claims data from the System to the California Department of Industrial Relations (DIR). The contract assigns responsibility to P&C for ensuring the information collected by the County's TPAs is transferred to DIR;
- A maximum \$60,000 (\$20,000 per year) for user training, as may be required by the County;
- A maximum of \$300,000 to upgrade the GenIris system to ClaimsVision; and
- A maximum of \$100,000 in funding for system customization, including the eCAPS interface.

In the event the County elects to extend the contract for services beyond the base term, the maximum cost will not exceed \$2,885,232, which will be the total for six years. The cost for each extension is as follows:

First Year Extension	\$ 483,288
Second Year Extension	\$ 438,484
Third Year Extension	\$ 443,776
Total	\$ 1,365,548

The base term and any contract extension costs will be paid out of the Workers' Compensation Trust Fund.

Expenditures for the Fiscal Year 2010-11 contract year were \$356,932. This included costs for the following:

- \$ 240,000 (\$20,000 per month) for system maintenance;
- \$103,500 for electronic transfer of workers' compensation claims data to the DIR; and
- \$13,432 for optional work/customization.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On March 1, 2007, your Board approved a sole source contract with GenSource, a Division of StrataCare Inc. Effective December 31, 2009, all assets of GenSource were assigned to P&C.

The contractor, P&C, is a recognized leader in the workers' compensation information system industry. The firm has an extensive knowledge of the County's workers' compensation program and has provided and continues to provide software modifications and upgrades at minimal expense. All users agree that while the existing system is not state-of-the-art, it has continued to deliver consistent and reliable performance since 1985. P&C has developed an upgrade to their Genlris claims administration system which is being marketed under the name ClaimsVision. They are offering this product to existing users at a reduced rate if the upgrade is purchase in 2012. P&C states the reduced rate of \$300,000 is less than half of the cost of the ClaimsVision system to new clients.

By comparison, we have identified costs for other agencies who have or are planning to upgrade to modern workers' compensation data base systems:

Business/Organization	Migration Date	New/Upgraded System Cost	5-Year Maintenance fees
City of Los Angeles	March, 2012 (planned)	\$2.85M	\$1.5M
San Bernardino County	2007-2008	\$1.3M	\$375,000
Keenan & Associates (TPA) approx 75% the size of L. A. County	2007	Approximately \$2M	Approximately \$1M (includes liability and disability systems)
County of Los Angeles	2012 (proposed)	\$300,000 - \$400,000	\$1.9M

The CEO recommends allowing P&C to implement their ClaimsVision system now for the following reasons:

- Pricing of the upgrade is reasonable compared to other options;
- P&C would be responsible for the migration and reconciliation of data between their two systems. If we were to migrate to a different vendor, neither P&C nor the new vendor would be obligated to support this transition. Having the same vendor handle both sides of the migration eliminates conflicts between vendors and results in substantial savings in both work hours and conversion costs for the County;
- There is a backup system (Genlris) built in, with full support from P&C, while the County makes the transition; and
- ClaimsVision is a modern database that would pave the way for an easier transition and attract more competitive bids from other vendor systems in the future.

The CEO Risk Management Branch intends to begin the RFP process for a new system immediately. Attached is a timeline showing the projected schedule for the RFP and also for the ClaimsVision conversion (Attachment I). The timeline runs the RFP development and the data system upgrade and conversion process concurrently, which will be challenging given limited CEO staff resources, but should be doable. The extension proposed at this time will allow P&C to complete the conversion of the current system to the upgraded ClaimsVision and the continuation of services under this system if, and until, a replacement system is implemented. Once ClaimsVision goes live, any final modifications needed to the RFP will be made and the RFP released immediately afterwards.

The CEO will report back to your Board in July 2012, and every six months thereafter, on the status of the RFP and data conversion process.

The attached contract has been approved as to form by County Counsel and reviewed by the Chief Information Officer (CIO Analysis Attached). Both concur with the CEO's recommendations.

CONTRACTING PROCESS

On December 8, 2011, we notified your Board of our intent to negotiate a sole source contract with P&C (Attachment II). The system software is proprietary to P&C; therefore, no other vendor can provide the necessary maintenance and support.

IMPACT ON CURRENT SERVICES

Continuation of this system is essential to ensure timely and accurate issuance of County workers' compensation benefits and payments, and to avoid potential imposition of State penalties for late benefit payments. It will allow the Department to issue an RFP and provide time for system upgrade and data conversion before a replacement workers' compensation claims administration system is implemented.

CONCLUSION

Upon approval by your Board, please return two signed originals of the Contract and one adopted copy of the letter to the CEO Risk Management Branch, attention Laurie Milhiser, County Risk Manager.

Respectfully submitted,

**NOTICE OF INTENT TO NEGOTIATE A SOLE SOURCE CONTRACT FOR
AUTOMATED WORKERS' COMPENSATION SYSTEM**

In accordance with your Board Policy number 5.100 regarding sole source contracts; this is to inform you that the Chief Executive Office (CEO) intends to negotiate a sole source contract with P&C Claims, Inc., (P&C) for the continued provision of an automated workers' compensation claims administration system. A copy of the original contract is attached for your reference.

The workers' compensation claims administration and information system (System) software, licenses, and system maintenance services has been provided by P&C (previously GenSource) since 1985, initially through purchase orders and eventually via the current sole source agreement, which will terminate on February 29, 2012. Nearly 300 users, including workers' compensation third party administrators (TPAs), medical management cost containment contractors, CEO, County Counsel, and other County staff depend upon the System's applications to manage the County's self-insured workers' compensation program. The System provides benefit delivery and reporting applications that allow the County to comply with State and Federal mandates. For information purposes, we have attached a copy of our last contract with P&C.

The CEO is actively undergoing a comprehensive assessment of its various automated claims administration systems (as well as its internal procedures) for processing workers' compensation, automobile and general liability, and medical malpractice/hospital liability claims. In order to allow sufficient time to accurately assess the County's needs and to survey the trends in the marketplace, we plan to continue with a sole source agreement with P&C to ensure that these crucial System functions continue without interruption until such time that an appropriate solicitation can be conducted.

Dear Supervisors:

**RECOMMENDATION TO APPROVE A SOLE SOURCE CONTRACT
WITH GENSOURCE, A DIVISION OF STRATACARE CORPORATION,
FOR A WORKERS' COMPENSATION CLAIM ADMINISTRATION SYSTEM
(ALL DISTRICTS - 3 VOTES)**

CHIEF INFORMATION OFFICER RECOMMENDATION:

APPROVE (X) APPROVE WITH MODIFICATIONS () DISAPPROVE ()

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve and instruct the Chairman to execute the attached sole source Contract with GenSource, A Division of StrataCare Inc., (GenSource), for application hosting and professional services to support the workers' compensation claim administration and information system (System). This Contract will be effective for a three (3) year term, commencing March 1, 2007, with a maximum contract sum not to exceed \$1,544,500, and includes an option to extend maintenance services for up to two (2) additional one (1) year terms, at a total cost of \$927,000, subject to adjustment in electronic data transfer costs which may be incurred to comply with State of California workers' compensation reporting requirements.
2. Delegate authority to the County of Los Angeles (County) Chief Administrative Officer (CAO), or his designee, to approve and execute extensions and change notices, and purchase additional user software licenses, pursuant to the provisions of the Contract.

3. Delegate authority to the CAO to execute the software escrow agreement pursuant to the provisions of the Contract.
4. Instruct the Auditor-Controller to make payments for System costs, as invoiced and validated by the CAO.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of this recommendation will ensure uninterrupted availability of this critical System. Workers' compensation claim administration and information system software licenses and system maintenance services have been provided by GenSource since 1985. Nearly 300 users, including the County's workers' compensation third party claim administration firms (TPAs), CAO, County Counsel, and other County staff depend upon the System applications to manage the County's workers' compensation claim administration program, process indemnity payments to injured workers, and issue medical payments to healthcare and other service providers.

Presently, GenSource software licenses and software maintenance are obtained through purchase orders processed under the authority of the Internal Services Department (ISD). Future System costs for hosting, maintenance, and support services will exceed ISD's purchasing authority, thereby prohibiting the CAO from securing the desired services through the purchase order process. We are therefore requesting your Board's approval of this Contract to ensure these crucial System functions continue without interruption.

Approval of this Contract will also enable the County to implement a major upgrade of the System software, as well as enhance the technical architecture and system environment to a network-based model, to enable the County to fully utilize the latest System capabilities. These capabilities include enhanced workers' compensation claim administration and management tools, expanded reporting capabilities, and improved communication of claim information between TPAs and client County departments.

Implementation of Strategic Plan Goals

The recommended actions are consistent with the County's Strategic Plan Goal Three, Organizational Effectiveness, by ensuring that service delivery systems are efficient, effective, and goal oriented; and Goal Four, Fiscal Responsibility, by strengthening the County's fiscal capabilities by providing critical data for financial decision making. The Contract and System are also in accordance with the CAO Business Automation Plan (BAP), as it meets the CAO's long-term strategies to upgrade mission-critical applications.

FISCAL IMPACT/FINANCING

These services will be provided for the initial three (3) year term at a cost of \$1,544,500, itemized as follows:

- A one-time charge of \$154,000 for the first year start-up, migration and implementation of the upgrade from the current GenSource Legacy System utilized by the County to the latest System application, GenComp for Windows (GCFW), which includes the perpetual GCFW software license;
- A maximum \$720,000 (\$240,000 per year) for System maintenance and support, including software upgrades to support 300 users;
- A maximum \$310,500 (\$103,500 per year) for State of California-mandated electronic transfer (ET) of workers' compensation claim data from the System to the California Department of Industrial Relations (DIR). The Contract assigns responsibility to GenSource for ensuring that information collected by the County's TPAs is transferred to DIR. DIR utilizes this data to assist in its oversight of the California workers' compensation system, and obtain statistical information for research purposes;
- A maximum \$60,000 (\$20,000 per year) for user training, as may be required by the County; and
- A maximum \$300,000 (\$100,000 per year) in funding for customization costs, should changes in System programming be necessary to address unanticipated County service needs, such as DIR-mandated changes in reporting requirements, increased maintenance and support service costs, should the number of County System users exceed 300, and for software escrow fees.

If the County elects to extend the GenSource contract for System maintenance services through years four and five, the costs will be:

- A maximum \$240,000 per year for maintenance and support, including software upgrades to support 300 users;
- A charge of not less than \$103,500 per year for ET of workers' compensation claim data from the System to the State. This ET cost may increase should new vendor programming be required to comply with changes in reporting and/or electronic billing requirements as mandated by the State;
- A maximum \$20,000 per year to pay for user training, as may be required by the County; and

- A maximum \$100,000 per year for customization costs, should changes in System programming be necessary to address unanticipated County service needs, such as DIR-mandated changes in reporting requirements, increased maintenance and support service costs, should the number of County System users exceed 300, and for software escrow fees.

Funding is available in the Workers' Compensation Trust Fund to pay for these costs.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

GenSource is a recognized leader in the workers' compensation information system industry, and provides services to many large public and private sector clients, including the State of California, County of San Bernardino, the Walt Disney Company, and Blue Cross of California. They have extensive knowledge of the County's workers' compensation program, and have accommodated previous County requests for software modifications and upgrades at minimal expense, or at no additional cost to County by incorporating them within their base application releases. GenSource's successful processing of millions of transactions over the past 20 years has demonstrated their ability to deliver consistent and reliable performance.

Approval of this Contract will enable County TPAs to upgrade to the latest GCFW software release. The Contract also provides for GenSource to host the County's data on its database and application servers. County data are presently hosted on servers maintained by ISD; however, GenSource can provide hosting services at a substantially lower cost. GenSource hosting will also enable the County to receive a data warehouse with related maintenance at no additional cost, as well as automatic global System updates, eliminating the County administrative cost associated with loading of such software releases onto the County servers and individual user computers.

The GenSource database server is exclusively dedicated to the County's data only, and is located in a secure area of GenSource's internal network. The Chief Information Officer (CIO) concurs that these security measures are appropriate. The Contract also requires that GenSource place the GCFW System source code in an escrow account to ensure the County's access, should circumstances arise that would prevent GenSource from continuing to provide the System maintenance services.

The attached Contract was approved as to form by County Counsel, and reviewed by the CIO; they concur with these recommendations. This is not a "Proposition A" contract, and, therefore, not subject to the Living Wage Program (*Los Angeles County Code Chapter 2.201*).

CONTRACTING PROCESS

On February 23, 2006, we notified your Board of our intent to negotiate a sole source Contract with GenSource. Because the System software is proprietary to GenSource, neither the County's liability Risk Management Information System (RMIS) vendor, nor any other alternative vendor, can provide the necessary product maintenance; therefore, a sole source Contract is needed.

In addition to ensuring the State-mandated workers' compensation claim services continue, the Contract will also provide the County with the time needed to assess System-user needs to determine if future changes in the System and/or vendor are desirable, and if a competitive solicitation process should be initiated. This assessment will include evaluation of the feasibility of consolidating these System functions with those of RMIS.

The following are areas within the negotiated Contract that depart from the County's standard terms and conditions. The CAO believes these negotiated changes are commercially reasonable and do not pose undue risk or burden to the County. County Counsel and CIO have reviewed these issues and concur with these changes:

Assignment and Delegation - The Contract includes this provision requiring that GenSource obtain the County's written consent to an assignment. GenSource has insisted upon including an exception that a merger or the sale of all, or substantially all of, GenSource's assets shall not constitute an assignment, but rather be considered a permitted transfer. However, GenSource is obligated to require that any successor Contractor shall be explicitly bound by the terms and conditions of this Contract.

Indemnification - A statement has been added to the County's standard Indemnification provision specifying that GenSource shall not be obligated to indemnify the County for liability arising from the County's sole negligence due to its acts or omissions relating to this Contract.

Limited Warranty/Disclaimer and Limitation of Liability - The negotiated Contract limits GenSource's liability for damages sustained by County, and County's exclusive remedy in such an event, to the refund of all license fees paid to date, or the sum of \$20,000, whichever amount is greater, should the System fail to meet the specifications. GenSource will not be liable for any incidental, indirect, special, or consequential damages that may result from the use or inability to use the System. However, GenSource remains obligated to indemnify any third parties seeking damages, and to assume any loss which would be claimable under the commercial insurance policies, which GenSource is required to maintain pursuant to the Contract.

Honorable Board of Supervisors
February 13, 2007
Page 6

Most Favoured Public Entity - GenSource would not agree to this provision.

Termination for Convenience - The standard provision enables the County to terminate the Contract at its sole discretion at any time when it is deemed to be in its best interest. Under the negotiated alternative language, the Contract can be terminated for convenience following the third anniversary of the effective date, to enable GenSource to recover the costs it is investing in the upgrades and preparation for hosting the County's data. This three-year (3) period will also allow the County to find and transition to a new service provider, should this be found necessary. All other standard County termination provisions remain unchanged and are included within the Contract.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Continuation of this System is essential to ensure timely and accurate issuance of County workers' compensation benefits and payments, and to avoid potential imposition of State penalties for late benefit payments. Approval of the Contract will also ensure the County's continued compliance with mandatory California workers' compensation claim information reporting requirements, and with the CAO's long-term strategy to upgrade mission-critical applications.

CONCLUSION

Upon approval by your Board, please return two signed originals of the contract and one adopted-stamped copy of the letter to the CAO Risk Management Branch, attention Rocky A. Armfield, County Risk Manager.

Respectfully submitted,

Project/Contract Description:

This sole source contract with GenSource will allow the Chief Administrative Officer's (CAO) Risk Management Branch to upgrade its Workers' Compensation Claims Administration System (System) to the latest web-enabled version, provide expanded reporting capabilities, and provide for application hosting services, at a lower cost than ISD. The term of the contract is three years at a total cost of \$1,544,500 with an option to extend the hosting and maintenance services for two one-year terms at a cost of \$463,500 per year.

Background:

The System software was originally purchased using an ISD Purchase Order and has been operating out of the ISD Data Center by the Risk Management Branch since 1985 with technical support from GenSource. The System is currently used by approximately 300 users including the County's workers' compensation third-party administrators, CAO and County Counsel as part of the County's workers' compensation claims administration program. The workers' compensation claims administration program processes indemnity payments to injured workers, issues medical payments to healthcare and other service providers, and provides State mandated claims data.

An advance Board notification to file a sole source contract with GenSource was filed on February 23, 2006. The Chief Information Office and County Counsel have reviewed and approved this contract.

Project Justification/Benefits:

GenSource is a recognized leader in the workers' compensation information system industry and provides services to other public entities including the State of California and the County of San Bernardino. GenSource also has extensive experience and knowledge about the County's workers' compensation program and services based on their experience working with the County to maintain and operate the System over the past 20 years.

Project Metrics:

This is a fixed price deliverables-based contract. As such, the Statement of Work and its Payment Schedule specifies the services that will be provided.

Impact On Service Delivery Or Department Operations, If Proposal Is Not Approved:

The System is currently used to provide timely and accurate issuance of the County's workers' compensation benefits and payments, as well as comply with State mandated reporting requirements. Approval of the Contract will ensure continued and uninterrupted administration and processing of the County's workers' compensation benefits and payments and allows the CAO to utilize the latest supported version of the System.

Alternatives Considered:

The System proprietary software is developed and maintained by GenSource. Software customizations have been made to the baseline software over the years to support the County's workers' compensation program requirements. GenSource is the only vendor that can modify the latest version of the System to retrofit the County's software customizations. As such, the CAO did not consider other alternatives.

Project Risks:

Key project risks include ensuring that:

- GenSource provides an adequate level of service for the hosted System to support the County's workers' compensation program administration requirements; and
- County maintains ownership of all workers' compensation claims data and has access to the System software at contract expiration or termination.

Risk Mitigation Measures:

The following risk mitigation measures are in place to address the key project risks:

- A comprehensive Service Level Agreement (SLA) and Performance Standards Requirements (with associated penalties) are included in the Contract. GenSource is also required to provide a technical architecture that meets predefined system performance requirements.
- Specific data ownership and transition terms have been included in the Contract Statement of Work to ensure that the County owns all claims data and that GenSource is required to provide the data to the County upon contract expiration or termination. Additionally, GenSource will be required to escrow a version of the System software that includes the County's software customizations.

Financial Analysis:

The total cost of the Contract is \$2,471,500 as follows:

1. A cost of \$1,544,500 for a three year base contract term comprised of:
 - a. A one time charge of \$154,000 for system upgrade and to transition to the hosting environment.

- b. A maximum of \$720,000 (\$240,000 per year) for system maintenance and application hosting services.
 - c. A maximum of \$310,500 (\$103,500 per year) for State mandated electronic transfer of workers' compensation claims data.
 - d. A maximum of \$300,000 (\$100,000 per year) as contingency funding to accommodate unanticipated System software changes resulting from required software customizations or enhancements, new or revised State requirements and/or increased number of users resulting from program expansion.
 - e. A maximum of \$60,000 (\$20,000 per year) for additional training, as required by County to support program expansion.
2. A cost of \$927,000 for two optional one year terms comprised of:
- a. A maximum of \$480,000 (\$240,000 per year) for system maintenance and application hosting services.
 - b. An estimate of \$207,000 (\$103,500 per year) for State mandated electronic transfer of workers' compensation claims data.
 - c. A maximum of \$40,000 (\$20,000 per year) for additional training, as required by County to support program expansion.
 - d. A maximum of \$200,000 (\$100,000 per year) as contingency funding to accommodate unanticipated System software changes resulting from required software customizations or enhancements, new or revised State requirements and/or increased number of users resulting from program expansion.

8.0 STANDARD TERMS AND CONDITIONS

8.1 ASSIGNMENT AND DELEGATION

- 8.1.1 The Contractor shall not assign its rights or delegate its duties under this Contract, or both, either in whole or in part, without the prior written consent of County, in its discretion, and any attempted assignment or delegation without such consent shall be null and void. Notwithstanding the foregoing, a merger by Contractor with or the sale of all or substantially all of Contractor's assets to a third party shall not constitute an assignment, provided that the third party agrees in writing that it shall be bound by all of the terms and conditions of this Contract (a "Permitted Transfer"). For purposes of this Section 8.1, County consent shall require a written amendment to the Contract, which is formally approved and executed by the parties. Any payments by the County to any approved delegate or assignee on any claim under this Contract shall be deductible, at the County's sole discretion, against the claims, which the Contractor may have against the County.

8.1.2 Shareholders, partners, members, or other equity holders of Contractor may transfer, sell, exchange, assign, or divest themselves of any interests they may have therein. However, in the event any such sale, transfer, exchange, assignment, or divestment is effected in such a way as to give majority control of Contractor to any person(s), corporation, partnership, or legal entity other than the majority controlling interest therein at the time of execution of the Contract, such disposition is an assignment requiring the prior written consent of County in accordance with applicable provisions of this Contract, except that this provision shall not apply to a Permitted Transfer.

8.1.3 If any assumption, assignment, delegation, or takeover of any of the Contractor's duties, responsibilities, obligations, or performance of same by any entity other than the Contractor, whether through assignment, subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever without the County's express prior written approval, shall be a material breach of the Contract which may result in the termination of this Contract, except that this provision shall not apply to a Permitted Transfer. In the event of such termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default by Contractor.

8.2 AUTHORIZATION WARRANTY

Each party represents and warrants that the person executing this Contract on its behalf is an authorized agent who has actual authority to bind such party to each and every term, condition, and obligation of this Contract and that all requirements of such party have been fulfilled to provide such actual authority.

8.3 BUDGET REDUCTIONS

In the event that the County's Board of Supervisors adopts, in any fiscal year, a County Budget which provides for reductions in the salaries and benefits paid to the majority of County employees and imposes similar reductions with respect to County Contracts, the County reserves the right to reduce its payment obligation correspondingly for that fiscal year and any subsequent fiscal year during the term of this Contract (including any extensions), and the services to be provided by the Contractor under the Contract shall also be reduced correspondingly. The County's notice to the Contractor regarding said reduction in payment obligation shall be provided within thirty (30) calendar days of the Board's approval of such actions. The Contractor shall have thirty (30) calendar days after receipt of such notice within which to terminate this Contract and receive payment for all work performed by Contractor and approved by County prior to the termination date. If Contractor does not exercise its right to terminate this Contract, Contractor shall continue to provide all of the services set forth in the Contract.

8.4 CHANGE NOTICES AND AMENDMENTS

8.4.1 The County reserves the right to initiate Change Notices that do not materially affect the scope, term, Contract Sum or payments. All such changes must be approved in advance by the parties and shall be accomplished with an executed Change Notice signed by the Contractor and by the County's Contract Administrator.

8.4.2 For any change which materially affects the scope of work, term, Contract Sum, payments, or any term or condition included under this Contract, a negotiated written Amendment to this Contract shall be prepared and approved by the County's Board of Supervisors and executed by an authorized representative of County and Contractor.

8.4.3 The County's Board of Supervisors or CAO, or designee, may require the addition and/or change of certain terms and conditions in the Contract during the term of this Contract. The County shall notify Contractor of such proposed addition and/or change. If such modifications or related changes are accepted by Contractor, an Amendment to the Contract shall be prepared and executed by the Contractor and by the CAO, or designee.

8.5 COMPLAINTS

The Contractor shall develop, maintain and operate procedures for receiving, investigating and responding to complaints about the System and/or the services to be provided pursuant to this Contract.

8.5.1 Within ten (10) business days after Contract Effective Date, the Contractor shall provide the County with the Contractor's policy for receiving, investigating and responding to user complaints.

8.5.2 The County will review the Contractor's policy and provide the Contractor with approval of said plan or with requested changes.

8.5.3 If the County requests changes in the Contractor's policy, the Contractor shall make such changes and resubmit the plan within five (5) business days.

8.5.4 If, at any time, the Contractor wishes to change the Contractor's policy, the Contractor shall submit proposed changes to the County for approval before implementation.

8.5.5 The Contractor shall preliminarily investigate all complaints and notify the County's Project Manager and County's Project Director of the status of the investigation within five (5) business days of receiving the complaint.

8.5.6 When complaints cannot be resolved informally, a system of follow-through shall be instituted which adheres to formal plans for specific actions and strict time deadlines.

8.5.7 Copies of all written responses shall be sent to the County's Project Manager and County's Project Director within three (3) business days of mailing to the complainant.

8.6 COMPLIANCE WITH APPLICABLE LAW

8.6.1 The Contractor shall comply in all material respects with all applicable Federal, State, and local laws, rules, regulations, ordinances, and directives, and all provisions required thereby to be included in this Contract are hereby incorporated herein by reference.

8.6.2 The Contractor shall indemnify and hold harmless the County from and against any and all liability, damages, costs, and expenses, including, but not limited to, defense costs and attorneys' fees, arising from or related to any material violation on the part of the Contractor or its employees, agents, or subcontractors of any such laws, rules, regulations, ordinances, or directives.

8.7 COMPLIANCE WITH CIVIL RIGHTS LAWS

The Contractor hereby assures that it will comply with Subchapter VI of the Civil Rights Act of 1964, 42 USC Sections 2000 (e) (1) through 2000 (e) (17), to the end that no person shall, on the grounds of race, creed, color, sex, religion, ancestry, age, condition of physical handicap, marital status, political affiliation, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract. The Contractor shall comply with *Exhibit C - Contractor's EEO Certification*.

8.8 COMPLIANCE WITH THE COUNTY'S JURY SERVICE PROGRAM

8.8.1 Jury Service Program:

This Contract is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code, a copy of which is attached as *Exhibit G* and incorporated by reference into and made a part of this Contract.

8.8.2 Written Employee Jury Service Policy:

1. Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), Contractor shall have and adhere to a written policy that provides that its Employees shall receive from the Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the Employee's regular pay the fees received for jury service.
2. For purposes of this Section, "Contractor" means a person, partnership, corporation or other entity which has a contract with the County or a subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full time employee of Contractor. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If

Contractor uses any subcontractor to perform services for the County under the Contract, the subcontractor shall also be subject to the provisions of this Subsection. The provisions of this Subsection shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.

3. If Contractor is not required to comply with the Jury Service Program when the Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the Jury Service Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during the Contract and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Program.
4. Contractor's violation of this Subsection of the Contract may constitute a material breach of the Contract. In the event of such material breach, County may, in its sole discretion, terminate the Contract and/or bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

8.9 CONFLICT OF INTEREST

- 8.9.1 No County employee whose position with the County enables such employee to influence the award of this Contract or any competing Contract, and no spouse or economic dependent of such employee, shall be employed in any capacity by the Contractor or have any other direct or indirect financial interest in this Contract. No officer or employee of the Contractor who may financially benefit from the performance of work hereunder shall in any way participate in the County's approval, or ongoing evaluation, of such work, or in any way attempt to unlawfully influence the County's approval or ongoing evaluation of such work.
- 8.9.2 The Contractor shall comply with all conflict of interest laws, ordinances, and regulations now in effect or hereafter to be enacted during the term of this Contract. The Contractor warrants that it is not now aware of any facts that create a conflict of interest. If the Contractor hereafter becomes aware of any facts that are reasonably expected to create a conflict of interest, it shall immediately make full written disclosure of such facts to the County. Full written disclosure shall include, but is not limited to, identification of all persons implicated and a complete description of all relevant circumstances. Failure to comply with the provisions of this Subsection shall be a material breach of this Contract.

8.10 CONSIDERATION OF HIRING COUNTY EMPLOYEES TARGETED FOR LAYOFF/OR RE-EMPLOYMENT LIST

Should the Contractor require additional or replacement personnel after the Effective Date of this Contract to perform the services set forth herein, the Contractor shall give first consideration for such employment openings to qualified, permanent County employees who are targeted for layoff or qualified, former County employees who are on a re-employment list during the life of this Contract.

8.11 CONSIDERATION OF HIRING GAIN/GROW PROGRAM PARTICIPANTS

8.11.1 Should the Contractor require additional or replacement personnel after the Effective Date of this Contract, the Contractor shall give consideration for any such employment openings to participants in the County's Department of Public Social Services Greater Avenues for Independence (GAIN) Program or General Relief Opportunity for Work (GROW) Program who meet the Contractor's minimum qualifications for the open position. For this purpose, consideration shall mean that the Contractor will interview qualified candidates. The County will refer GAIN/GROW participants by job category to the Contractor.

8.11.2 In the event that both laid-off County employees and GAIN/GROW participants are available for hiring, County employees shall be given first priority.

8.12 CONTRACTOR RESPONSIBILITY AND DEBARMENT

8.12.1 Responsible Contractor:

A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible Contractors.

8.12.2 Chapter 2.202 of the County Code:

The Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Contractor on this or other contracts which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Contract, debar the Contractor from bidding or proposing on, or being awarded, and/or performing work on County contracts for a specified period of time, which generally will not exceed five years but may exceed five years or be permanent if warranted by the circumstances, and terminate any or all existing Contracts the Contractor may have with the County, provided that the County shall make all payments for work performed and approved by County prior to the termination date.

8.12.3 Non-responsible Contractor:

The County may debar a Contractor if the Board of Supervisors finds, in its reasonable discretion, that the Contractor has done any of the following: (1) violated a material term of a contract with the County or a nonprofit corporation created by the County, (2) committed an act or omission which negatively reflects

on the Contractor's quality, fitness or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against the County or any other public entity.

8.12.4 Contractor Hearing Board:

1. If there is evidence that the Contractor may be subject to debarment, the Department will notify the Contractor in writing of the evidence which is the basis for the proposed debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.
2. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board shall prepare a tentative proposed decision, which shall contain a recommendation regarding whether the Contractor should be debarred, and, if so, the appropriate length of time of the debarment. The Contractor and the Department shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Supervisors.
3. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board shall be presented to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.
4. If a Contractor has been debarred for a period longer than five (5) years, that Contractor may after the debarment has been in effect for at least five (5) years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the Contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of the County.
5. The Contractor Hearing Board will consider a request for review of a debarment determination only where (1) the Contractor has been debarred for a period longer than five (5) years; (2) the debarment has been in effect for at least five (5) years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will

provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.

6. The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board

The Contractor will also encourage its Subcontractors, if any, to post this poster in a prominent position in the Subcontractor's place of business. The County's Department of Children and Family Services will supply the Contractor with the poster to be used. Information on how to receive the poster can be found on the Internet at www.babysafela.org.

8.14 CONTRACTOR'S WARRANTY OF ADHERENCE TO COUNTY'S CHILD SUPPORT COMPLIANCE PROGRAM

- 8.14.1 The Contractor acknowledges that the County has established a goal of ensuring that all individuals who benefit financially from the County through Contract are in compliance with their court-ordered child, family and spousal support obligations in order to mitigate the economic burden otherwise imposed upon the County and its taxpayers.
- 8.14.2 As required by the County's Child Support Compliance Program (County Code Chapter 2.200) and without limiting the Contractor's duty under this Contract to comply with all applicable provisions of law, the Contractor warrants that it is now in compliance and shall during the term of this Contract maintain in compliance with employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653a) and California Unemployment Insurance Code Section 1088.5, and shall implement all lawfully served Wage and Earnings Withholding Orders or Child Support Services Department Notices of Wage and Earnings Assignment for Child, Family or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code Section 5246(b).

Such evaluation will include assessing the Contractor's compliance with all Contract terms and conditions and performance standards. Contractor deficiencies which the County determines are severe or continuing and that may place performance of the Contract in jeopardy if not corrected will be reported to the Board of Supervisors. The report will include improvement/corrective action measures taken by the County and the Contractor. If improvement does not occur consistent with the corrective action measures, the County may terminate this Contract, provided that the County shall make all payments for work performed by Contractor and approved by County prior to the termination date.

8.16.1 Contractor shall repair, or cause to be repaired, at its own cost, any and all damage to County facilities, buildings, or grounds caused by Contractor or employees or agents of Contractor. 8.16.2 If Contractor fails to make timely repairs, County may make any necessary repairs. All costs incurred by County, as determined by County, for such repairs shall be repaid by Contractor by cash payment upon demand.

8.17 DISPUTE RESOLUTION PROCEDURE

8.17.1 Contractor and County agree to act promptly and diligently to mutually resolve any disputes which may arise with respect to this Contract. All such disputes shall be subject to the provisions of this Section 8.17.

8.17.2 Contractor and County agree that, the existence and details of a dispute notwithstanding, both parties shall continue without delay their performance hereunder, except for any performance which County, in its sole discretion, determines should be delayed as a result of such dispute or if Contractor has a reasonable basis for not performing. County shall continue to pay sums not in dispute during any such period of continued performance.

8.17.3 If Contractor fails (without a reasonable basis) to continue without delay its performance hereunder which County, in its sole discretion, determines should not be delayed as a result of such dispute, then any additional costs which may be incurred by Contractor or County as a result of Contractor's failure to continue to so perform shall be borne by Contractor, and Contractor shall make no claim whatsoever against County for such costs. Contractor shall promptly reimburse County for such County costs, as determined by County, or County may deduct all such additional costs from any amounts due to Contractor from County, whether under this Contract or otherwise.

8.17.4 If County fails to continue without delay to perform its responsibilities under this Contract which County, in its sole discretion, determines should not be delayed as a result of such dispute, then any additional costs incurred by the Contractor or County as a result of County's failure to continue to so perform shall be borne by

8.18 EMPLOYMENT ELIGIBILITY VERIFICATION

8.18.1 The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing work under this Contract meet the citizenship or alien status requirements set forth in Federal and State statutes and regulations. 8.22 INDEPENDENT CONTRACTOR STATUS

8.22.1 This Contract is by and between the County and the Contractor and is not intended, and shall not be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association, as between the County and the Contractor. 8.34 PUBLIC RECORDS ACT

8.34.1 Any documents submitted by Contractor; all information obtained in connection with the County's right to audit and inspect Contractor's documents, books, and

accounting records pursuant to Section 8.38 (Record Retention and Inspection/Audit Settlement), of this Contract; as well as those documents which were required to be submitted in response to the Request for Proposals (RFP) used in the solicitation process for this Contract, become the exclusive property of the County. All such documents become a matter of public record and shall be regarded as public records. Exceptions will be those elements in the California Government Code Section 6250 et seq. (Public Records Act) and which are marked "trade secret", "confidential", or "proprietary": The County shall not in any way be liable or responsible for the disclosure of any such records including, without limitation, those so marked, if disclosure is required by law, or by an order issued by a court of competent jurisdiction, provided that the County will endeavor to provide Contractor with prompt notice of any such required disclosure so that Contractor may seek to prevent or limit the scope of such disclosure.

8.34.2 In the event the County is required to defend an action on a Public Records Act request for any of the aforementioned documents, information, books, records, and/or contents of a proposal marked "trade secret", "confidential", or "proprietary", the Contractor agrees to defend and indemnify the County from all costs and expenses, including reasonable attorney's fees, in action or liability arising under the Public Records Act.

8.35 PUBLICITY

8.35.1 The Contractor shall not disclose any details in connection with this Contract to any person or entity except as may be otherwise provided hereunder or required by law. However, in recognizing the Contractor's need to identify its services and related clients to sustain itself and expand its business opportunities, the County shall not inhibit the Contractor from disclosing this Contract under customary confidentiality arrangements to its prospective business partners or otherwise publishing its role under this Contract within the following conditions:

- The Contractor shall develop all publicity or other disclosure material in a professional manner; and
- During the term of this Contract, the Contractor shall not, and shall not authorize another to, publish or disseminate any commercial advertisements, press releases, feature articles, or other materials using the name of the County without the prior written consent of the County's Contract Administrator. The County shall not unreasonably withhold written consent.

8.35.2 The Contractor may, without the prior written consent of County, indicate in its proposals to customers and business partners and in its sales materials that it has been awarded this Contract with the County of Los Angeles, provided that the requirements of this Section 8.37 shall apply.

8.36 RECORD RETENTION AND INSPECTION/AUDIT SETTLEMENT

The Contractor shall maintain accurate and complete financial records of its activities and operations relating to this Contract in accordance with generally accepted accounting principles. The Contractor shall also maintain accurate and complete employment and other records relating to its performance of this Contract. The Contractor agrees that, upon reasonable prior notice to Contractor and no more than once per calendar year, the

County, or its authorized representatives, shall have access to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, or records relating to this Contract during regular business hours. All such material, including, but not limited to, all financial records, timecards and other employment records, and proprietary data and information, shall be kept and maintained by the Contractor and shall be made available to the County during the term of this Contract and for a period of five (5) years thereafter unless the County's written permission is given to dispose of any such material prior to such time. All such material shall be maintained by the Contractor at a location in either Los Angeles or Orange County, and if any such material is located outside Los Angeles County, the Contractor shall deliver such materials to the County at a location in Los Angeles County.

8.36.1 In the event that an audit of the Contractor is conducted specifically regarding this Contract by any Federal or State auditor, or by any auditor or accountant employed by the Contractor or otherwise, then the Contractor shall file a copy of such audit report with the County's Auditor-Controller within thirty (30) days of the Contractor's receipt thereof, unless otherwise provided by applicable Federal or State law or under this Contract. The County shall make a reasonable effort to maintain the confidentiality of such audit report(s).

8.36.2 Failure on the part of the Contractor to comply with any of the provisions of this Section 8.38 shall constitute a material breach of this Contract upon which the County may terminate or suspend this Contract.

8.36.3 If, at any time during the term of this Contract or within five (5) years after the expiration or termination of this Contract, representatives of the County may conduct an audit of the Contractor regarding the work performed under this Contract, and if such audit finds that the County's dollar liability for any such work is less than payments made by the County to the Contractor, then the difference shall be either: a) repaid by the Contractor to the County by cash payment upon demand or b) at the sole option of the County's Auditor-Controller, deducted from any amounts due to the Contractor from the County, whether under this Contract or otherwise. If such audit finds that the County's dollar liability for such work is more than the payments made by the County to the Contractor, then the difference shall be paid to the Contractor by the County by cash payment, provided that in no event shall the County's maximum obligation for this Contract exceed the funds appropriated by the County for the purpose of this Contract.

8.37 RECYCLED BOND PAPER

Consistent with the Board of Supervisors' policy to reduce the amount of solid waste deposited at the County landfills, the Contractor agrees to use recycled-content paper to the maximum extent possible on this Contract.

8.38 SUBCONTRACTING

8.38.1 The requirements of this Contract may not be subcontracted by the Contractor without the advance approval of the County. Any attempt by the Contractor to subcontract without the prior consent of the County may be deemed a material breach of this Contract.

8.38.2 If the Contractor desires to subcontract, the Contractor shall provide the following information promptly at the County's request:

- A description of the work to be performed by the subcontractor;
- A draft copy of the proposed subcontract; and
- Other pertinent information and/or certifications requested by the County.

8.38.3 The Contractor shall indemnify and hold the County harmless with respect to the activities of each and every subcontractor in the same manner and to the same degree as if such subcontractor(s) were Contractor employees.

8.38.4 The Contractor shall remain fully responsible for all performances required of it under this Contract, including those that the Contractor has determined to subcontract, notwithstanding the County's approval of the Contractor's proposed subcontract.

8.38.5 The County's consent to subcontract shall not waive the County's right to prior and continuing approval of any and all personnel, including subcontractor employees, providing services under this Contract. The Contractor is responsible to notify its subcontractors of this County right.

8.38.6 The County's Contract Administrator is authorized to act for and on behalf of the County with respect to approval of any subcontract and subcontractor employees.

8.38.7 The Contractor shall be solely liable and responsible for all payments or other compensation to all subcontractors and their officers, employees, agents, and successors in interest arising through services performed hereunder, notwithstanding the County's consent to subcontract.

8.38.8 The Contractor shall obtain certificates of insurance, which establish that the subcontractor maintains all the programs of insurance required by the County from each approved subcontractor. The Contractor shall ensure delivery of all such documents to the County Contract Administrator before any subcontractor employee may perform any work hereunder.

8.39 TERMINATION FOR BREACH OF WARRANTY TO MAINTAIN COMPLIANCE WITH COUNTY'S CHILD SUPPORT COMPLIANCE PROGRAM

Failure of the Contractor to maintain compliance with the requirements set forth in Section 8.14 (Contractor's Warranty of Adherence to County's Child Support Compliance Program), shall constitute default under this Contract. Without limiting the rights and remedies available to the County under any other provision of this Contract, failure of Contractor to cure such default within 90 calendar days of within notice shall be grounds upon which County may terminate this Contract pursuant to Section 8.41 (Termination for Default), and pursue debarment of Contractor, pursuant to County Code Chapter 2.202.

8.40 TERMINATION FOR CONVENIENCE

8.40.1 Following the third anniversary of the Effective Date, this Contract may be terminated, in whole or in part, from time to time, when such action is deemed by the County, in its sole discretion, to be in its best interest. Termination of work hereunder shall be effected by notice of termination to Contractor specifying the extent to which performance of work is terminated and the date upon which such

CONTRACT FOR SOFTWARE MAINTENANCE AND APPLICATION HOSTING SERVICES

termination becomes effective. The date upon which such termination becomes effective shall be no less than ninety (90) days after the notice is sent.

8.40.2 After receipt of a notice of termination and except as otherwise directed by the County, the Contractor shall:

- Stop work under this Contract on the date and to the extent specified in such notice, and
- Complete performance of such part of the work as shall not have been terminated by such notice.

8.40.3 All material including books, records, documents, or other evidence bearing on the costs and expenses of the Contractor under this Contract shall be maintained by the Contractor in accordance with Section 8.38 (Record Retention & Inspection/Audit Settlement).

8.41 TERMINATION FOR DEFAULT

8.41.1 The County may, by written notice to the Contractor, terminate the whole or any part of this Contract, if, in the reasonable judgment of County's Contract Administrator:

- Contractor has materially breached this Contract;
- Contractor fails to timely provide and/or satisfactorily perform any task, deliverable, service, or other work required under this Contract; or
- Contractor fails to demonstrate a high probability of timely fulfillment of performance requirements under this Contract, or of any obligations of this Contract and in either case, fails to demonstrate convincing progress toward a cure within 15 (fifteen) days (or such longer period as the County may authorize in writing) after receipt of written notice from the County specifying such failure.

8.41.2 In the event that this Contract is terminated in whole or in part as provided in Subsection 8.41.1, (i) the County shall pay Contractor for all work performed and approved by County prior to the termination date, and (ii) if the County has terminated the Contract, the County may procure, upon such terms and in such manner as the County may deem appropriate, goods and services similar to those so terminated. The Contractor shall continue the performance of this Contract to the extent not terminated under the provisions of this Subsection.

8.41.3 Except with respect to defaults of any subcontractor, the Contractor shall not be liable for any such excess costs of the type identified in Subsection 8.41.2 if its failure to perform this Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not limited to: acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of Federal or State governments in their sovereign capacities, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the

Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either of them, the Contractor shall not be liable for any such excess costs for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required performance schedule. As used in this Subsection 8.41.3, the terms "subcontractor" and "subcontractors" mean subcontractor(s) at any tier.

8.41.4 If, after the County has given notice of termination under the provisions of this Section 8.41, it is determined by the County that the Contractor was not in default under the provisions of this Section 8.41, or that the default was excusable under the provisions of Subsection 8.41.3, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to Section 8.40 (Termination for Convenience).

8.41.5 In the event the County terminates this Contract in its entirety due to the Contractor's default as provided in Subsection 8.41.1, the Contractor and the County agree that the County will have actual damages, which are extremely difficult to calculate and impracticable to fix and which will include, but are not limited to, the County's costs of procurement of replacement services and costs incurred due to delays in procuring such services. Therefore, the Contractor and the County agree that the County shall, at its sole option and in lieu of the provisions of Subsection 8.41.2, be entitled to liquidated damages from the Contractor, pursuant to California Civil Code Section 1671, in the amount of Five Thousand Dollars (\$5,000) or five percent (5%) of the applicable year's Contract sum, whichever is less, as equitable compensation to the County for such actual damages. This amount of liquidated damages shall be either paid by the Contractor to the County by cash payment upon demand or, at the sole discretion of the CAO, or designee, deducted from any amounts due to the Contractor by the County, whether under this Contract or otherwise. These liquidated damages shall be in addition to any credits, which the County is otherwise entitled to under this Contract, and the Contractor's payment of these liquidated damages shall not in any way change, or affect the provisions of Section 8.23 - Indemnification

8.41.6 The rights and remedies of the parties provided in this Section 8.43 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

8.41.7 Contractor may, by written notice to County, terminate the whole or any part of this Contract, if County has materially breached this Contract and has not cured such material breach within sixty (60) days of receiving notice of such breach.

8.42 TERMINATION FOR IMPROPER CONSIDERATION

8.42.1 County may, by written notice to Contractor, immediately terminate the right of Contractor to proceed under this Contract if it is found that consideration, in any form, was offered or given by Contractor, either directly or through an intermediary, to any County officer, employee, or agent with the intent of securing this Contract or securing favorable treatment with respect to the award, amendment, or extension of this Contract or the making of any determinations with respect to Contractor's performance pursuant to this Contract. In the event of such

CONTRACT FOR SOFTWARE MAINTENANCE AND APPLICATION HOSTING SERVICES

termination, County shall be entitled to pursue the same remedies against the Contractor as it could pursue in the event of default by Contractor.

8.42.2 Contractor shall immediately report any attempt by a County officer or employee to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (800) 544-6861.

8.42.3 Among other items, such improper consideration may take the form of cash, discounts, service, the provision of travel or entertainment, or tangible gifts.

8.43 TERMINATION FOR INSOLVENCY

8.43.1 County may terminate this Contract forthwith in the event of the occurrence of any of the following:

- Insolvency of the Contractor. Contractor shall be deemed to be insolvent if it has ceased to pay its debts for at least sixty (60) days in the ordinary course of business or cannot pay its debts as they become due, whether or not a petition has been filed under the Federal Bankruptcy Code and whether or not Contractor is insolvent within the meaning of the Federal Bankruptcy Code;
- The filing of a voluntary or involuntary petition regarding Contractor under the Federal Bankruptcy Code;
- The appointment of a Receiver or Trustee for Contractor; or
- The execution by Contractor of a general assignment for the benefit of creditors.

8.43.2 The rights and remedies of County provided in this Section 8.43 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

8.44 TERMINATION FOR NON-ADHERENCE OF COUNTY LOBBYIST ORDINANCE

Contractor, and each County Lobbyist or County Lobbying firm as defined in County Code Section 2.160.010 retained by Contractor, shall fully comply with County's Lobbyist Ordinance, County Code Chapter 2.160. Failure on the part of Contractor or any County Lobbyist or County Lobbying firm retained by Contractor to fully comply with County's Lobbyist Ordinance shall constitute a material breach of this Contract, upon which County may in its sole discretion, immediately terminate or suspend this Contract.

8.45 TERMINATION FOR NON-APPROPRIATION OF FUNDS

Notwithstanding any other provision of this Contract, County shall not be obligated for Contractor's performance hereunder or by any provision of this Contract during any of County's future fiscal years unless and until the County's Board of Supervisors appropriates funds for this Contract in County's Budget for each such future fiscal year, provided that Contractor shall have the right to stop its performance hereunder as of the first day of a fiscal year, without any liability whatsoever to the County, until funds for this Contract are appropriated for such fiscal year. In the event that funds are not appropriated for this Contract, then this Contract shall terminate as of June 30 of the last fiscal year for

which funds were appropriated. County shall notify Contractor in writing of any such non-allocation of funds at the earliest possible date.

8.46 VALIDITY

If any provision of this Contract or the application thereof to any person or circumstance is held invalid, the remainder of this Contract and the application of such provision to other persons or circumstances shall not be affected thereby.

8.47 WAIVER

No waiver by either party of any breach of any provision of this Contract shall constitute a waiver of any other breach or of such provision. Failure of a party to enforce at any time, or from time to time, any provision of this Contract shall not be construed as a waiver thereof. The rights and remedies set forth in this Section 8.47 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

8.48 WARRANTY AGAINST CONTINGENT FEES

8.48.1 Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon any contract or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business.

8.48.2 For breach of this warranty, County shall have the right to terminate this Contract and, at its sole discretion, deduct from the Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

9.0 UNIQUE TERMS AND CONDITIONS

9.1 OWNERSHIP OF COUNTY DATA

9.1.1 County shall be the sole owner of all right, title and interest, including copyright, in and to all of County's data on the System.

9.1.2 County will use reasonable means to ensure that Contractor's proprietary and/or confidential items are safeguarded and held in confidence. County agrees not to reproduce, distribute or disclose to non-County entities any such proprietary and/or confidential items without the prior written consent of Contractor.

9.1.3 All the rights and obligations of this Subsection 9.1 shall survive the expiration or termination of this Contract.

9.2 OWNERSHIP OF THE SYSTEM AND LICENSE

Contractor will retain all right, title and interest, including copyright, in and to the Source Code and all intellectual property embodied in and associated with the System modules, and the County shall have a perpetual license to use the System.

Contractor hereby grants to County a non-exclusive, perpetual, world-wide license to copy, disclose, maintain and, for up to three hundred (300) concurrent and up to six hundred thirty one (631) remote Users, use the System, and any other tools, procedures or know-how that become inextricably embodied in the System. Contractor hereby grants an option to County, exercisable at County's sole and absolute discretion, to purchase from Contractor additional concurrent User licenses and additional remote User licenses, at the prices set forth in *Exhibit B - Pricing Schedule*.

9.2.1 Escrow

The Contractor shall enter into its customary agreement (the "Escrow Agreement") with an outside third party to escrow the Source Code, programming information and Documentation for the Application Software modules version licensed by the County (including all modules, database tables and definitions, files, customizations, data conversion programs and interfaces) and any and all Updates or version changes provided to the County at the inception of this Contract and thereafter. The County shall pay all the costs associated with such escrow arrangement, including, without limitation, the fees of the escrow agent. At the conclusion of the development, programming, construction and customization of the County's Application Software modules, the customized version will replace the Source Code in escrow, and the Escrow Agreement shall be amended to reflect the County's customized Application Software modules and the revised escrow arrangements. Contractor shall, on a yearly basis, at the County's cost, arrange for an independent audit of this escrow to confirm the availability and completeness of the information and that the most current version of the System is in escrow.

9.3 PATENT, COPYRIGHT AND TRADE SECRET INDEMNIFICATION

- 9.3.1 The Contractor shall indemnify, defend, and hold harmless County, its officers, employees, and agents from and against any and all claims, demands, damages, liabilities, losses, costs, and expenses, including, but not limited to, defense costs and legal, accounting and other expert, consulting or professional fees, as such are incurred, for or by reason of any actual or alleged infringement of any patent or copyright, or other rights of any third party, or any actual or alleged trade secret disclosure or misappropriation, arising from or related to the System or the operation and utilization of Contractor's work under this Contract (hereinafter collectively referred to as "Infringement Claim(s)"). Contractor shall have no obligation to County under this Section 9.3 if any Infringement Claim is caused by use by County of the System other than in accordance with the Specifications and other applicable Documentation, as initially determined by County's Contract Administrator but subject to Section 8.17 (Dispute Resolution Procedure). Any legal defense pursuant to Contractor's indemnification obligations under this Section 9.3 shall be conducted by Contractor and performed by counsel selected by Contractor. Notwithstanding the preceding sentence, County shall have the

right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with a full and adequate defense, as required by law and this Contract, County shall be entitled to reimbursement for all such costs and expenses.

9.3.2 Without limiting the foregoing, in the event County's Contract Administrator becomes aware that ongoing use of the System, or any part thereof, is the subject of any Infringement Claim that might preclude or impair County's use of the System or any portion thereof (e.g. injunctive relief), or that County's continued use of the System or a portion thereof may subject it to punitive damages or statutory penalties or other costs or expenses, County shall give written notice to Contractor of such fact(s). Upon notice of such facts, Contractor shall, at no cost to County, either (1) procure the right, by license or otherwise, for County to continue to use the System or affected part(s) thereof to the same extent of County's license under this Contract, or (2) to the extent Contractor is unable to procure such right, replace or modify the System or the affected part(s) with another part or component of equivalent quality and performance capabilities, in County's determination, to become non-infringing, non-misappropriating and/or non-disclosing.

9.3.3 If Contractor fails to complete the remedial acts set forth above within ninety (90) days after the date of the written notice from County, County shall have the right to take such remedial acts it determines to be reasonable to mitigate any impairment of its use of the System or the affected part(s) thereof or damages or other costs or expenses (hereafter referred to as "County's Remedial Acts"). Contractor shall indemnify County for all amounts paid and all direct and indirect costs associated with County's Remedial Acts. Failure by Contractor to pay such amounts and costs within ten (10) days after receiving an invoice from County shall, in addition to, and cumulative to all other remedies entitle County to immediately withhold payments due to Contractor up to the total of the amounts and costs paid in connection with County's Remedial Acts.

9.4 LIMITED WARRANTY - DISCLAIMER AND LIMITATION OF LIABILITY

9.4.1 **Limited Warranty.** Should the System fail to meet its Specifications, County shall notify Contractor in writing no later than 30 days after initial installation. Notwithstanding anything to the contrary in this Contract, Contractor's entire liability and County's exclusive remedy in such an event shall be the refund of all license fees paid to date, or the sum of \$20,000, whichever amount shall be greater. Except for the foregoing, the System is provided "as is," without additional warranty of any kind, and Contractor expressly disclaims all other warranties, express or, including, but not limited to, the implied warranties of design, merchantability, fitness for a particular purpose, any warranties arising from a course of dealing, usage, or trade practice. Contractor does not warrant that the functions contained in the System will meet County's requirements, or that the operation of the System will be uninterrupted or error-free, or that defects in the System will be corrected. Furthermore, Contractor does not warrant or make any representations regarding the use or the results of the use of the System in terms of its correctness, accuracy, reliability, or otherwise. No oral or written information or advice given by Contractor or Contractor's representatives shall create any warranty with regard to the System or in any way increase the scope of this warranty.

9.4.2 **Limitation of Liability.** Under no circumstances, including negligence, shall Contractor be liable for any lost revenue or profits or any incidental, indirect, special, or consequential damages that result from the use or inability to use the System, even if Contractor or Contractor's authorized representative has been advised of the possibility of such damages. In no event shall Contractor's total liability to County for all damages, losses, and causes of action, whether in Contract, tort (including negligence) or otherwise, exceed a sum equal to ninety (90) days service fees paid by County to Contractor under this Contract. In addition, Contractor will not be liable for any claims of any party arising out of any alleged or actual infringement by the System of any intellectual property rights of any third party. This limitation of liability provision, however, shall not relieve Contractor's indemnification obligations to third parties pursuant to Section 8.23 (Indemnification), of this Contract nor shall it apply to any loss or related expense which is actually covered under any of the commercial insurance policies required to be maintained by Contractor pursuant to this Contract.

9.4.3 **Limitations Concerning Third Party Material.** Contractor shall have no responsibility under any condition for performance of any hardware or programs licensed by it from third parties, and County shall rely solely on the manufacturers' warranty (if any).

9.4.4 **Exclusions.** Contractor shall not be responsible to the extent any failure to perform in accordance with the foregoing warranties is caused by (a) County's failure to use the System in accordance with instructions included in the Documentation provided to County by Contractor, (b) the modification of the System by any person other than Contractor, its employees, agents, affiliates or subcontractors (unless such modification was authorized or approved by any of the foregoing), or (c) problems caused by the Server's connectivity to County's network. If Contractor is requested by County to service such matters, County shall pay Contractor an additional fee for such support services.

9.4.5 **Risks Considered.** Contractor's pricing reflects the allocation of risks and limitation of liability in this Contract.

9.5 WARRANTIES

9.5.1 Contractor shall perform warranty services as set forth in this Contract.

Contractor shall not knowingly cause any unplanned interruption of the operations of, or accessibility to the System or any System component through any device, method or means including, without limitation, the user of any "virus," "lockup," "time bomb," or "key lock," "worm," device or program, or disabling code, which has the potential or capability of compromising the security of County's confidential or proprietary information or of causing any unplanned interruption of the operations of, or accessibility of the System or any System component to County or any User or which could alter, destroy, or inhibit the User of the System, any System component, or the data contained therein (collectively referred to for purposes of this Subsection as "Disabling Device(s)" which could block access to or prevent the use of the System or any System component by County or Users. Contractor represents, warrants and agrees that it has not purposely placed, nor is it aware of, any Disability Device on any System component provided to County under this Contract, nor shall Contractor knowingly permit any subsequently delivered System component to contain any Disabling Device, other than lock-offs contained on the delivered media which only prevents user of software contained on such media other than System components.
6. The System shall be in substantial compliance with the performance standards set forth in Attachment I (Performance Standards Requirements) of *Exhibit A - Statement of Work*.

9.5.2 Additional Warranties

Contractor further represents, warrants, covenants and agrees throughout the term of this Agreement to all of the following in providing the System, conversions, and services of Contractor described herein:

CONTRACT FOR SOFTWARE MAINTENANCE AND APPLICATION HOSTING SERVICES

1. County shall be entitled to use the System and all System components subject only to County's obligation to make the required payments under this Contract. Contractor represents and warrants that this Contract is neither subject nor subordinate to any right or claim of any third party, including, without limitation, Contractor's creditors. Further, Contractor represents and warrants that during the term of this Contract, it shall not subordinate this Contract or any of its rights hereunder to any third party without the prior written consent of County, and without providing in such subordination instrument for non-disturbance of County's use of the System and System components in accordance with this Contract.
2. Contractor shall escrow the Source Code for the account of the County, subject to the provisions of Section 9.2.1 (Escrow).
3. Contractor is duly authorized to grant to County all rights, including, but not limited to, license rights, granted by this Contract with respect to all Application Software.

9.5.3 Continuous Product Support

If Contractor assigns this Contract, is acquired, becomes otherwise controlled by another individual or entity, or sells, assigns, or transfers more than fifty percent (50%) of its interest in the System (generically referred to as a "Successor Event"), such successor shall assume in writing all of the obligations of Contractor under this Contract.

9.5.4 Third Party Software

Certain Application Software (herein "Third Party Software"), is owned by third parties. Contractor hereby represents and warrants that none of the System other than the Third Party Software is owned by third parties.

1. Modification

Contractor represents and warrants that it has not modified and shall not modify, nor does Contractor have any need to modify, Third Party Software in order for the System to fully perform in accordance with warrants that it does not have any license or other right to modify Third Party Software and that Third Party Software shall be provided to County in the same unmodified form as received by Contractor from the applicable third party. Contractor represents and warrants that Third Party Software shall, together with the remainder of the System, fully satisfy all requirements of the Contract without the need for any modification of Third Party Software by Contractor or otherwise.

2. License Agreement

County acknowledges that it may have to execute certain third party license agreements in respect to third party software. To the extent that any such third party license agreement conflicts with this Contract as it applies to County's right to use or modify the System, Contractor shall

take all necessary action and pay all sums required to provide County with all the rights to use and modify the System afforded by this Contract. Contractor warrants that whether or not such third party license agreements are required of County, County shall receive perpetual licenses of all third party software that shall allow use of the System in accordance with all of the terms of this Contract, providing County pays any required maintenance fees.

3. In the event it nonetheless becomes necessary to modify third party software to satisfy any of the requirements of this Contract, Contractor shall promptly, at no cost to County, either : (1) obtain a license from the appropriate third party which shall enable Contractor to modify such third party software, and Contractor shall provide all necessary modifications or (2) provide an upgrade or alternative solution, which is functionally equivalent, in County's Contract Administrator's reasonable determination, in lieu of modifying such third party software. If County exercises its option to terminate this Contract for convenience pursuant to Section 8.42 (Termination for Convenience), the obligations of Contractor as set forth in this Subsection shall be null and void. Nothing herein shall require Contractor to pay for a new release, version, or revision of third party software, which is not otherwise provided under maintenance and support.

9.6 TIME IS OF THE ESSENCE

4. Deliverables for Task #4: Compliant FROI/SROI Reporting	Failure to meet the terms of this Deliverable as a result of CONTRACTOR'S negligence may result in a penalty of up to 15% of the FROI/SROI State Reporting annual costs listed in <i>Exhibit B – Pricing Schedule</i> . Penalties shall be determined by COUNTY and may be ongoing until deliverable is completed to COUNTY satisfaction. Under no circumstance shall the COUNTY be responsible for any penalties applied by the State due to any action or deficiency for which CONTRACTOR or Subcontractor is responsible.

SERVICE LEVEL AGREEMENT (SLA)

I. Maintenance and Support Services

A. Technical Support

1. CONTRACTOR shall provide Help Desk support via phone, facsimile and/or email. The COUNTY has and will continue to have a dedicated support representative along with backup representatives in the event its dedicated representative is unavailable.
2. CONTRACTOR and COUNTY shall jointly prioritize all issues, defects and other errors according to the following schedule.

PRIORITY	DEFINITION
1	A problem causing critical impact to COUNTY'S operation and no acceptable workaround is immediately available. CONTRACTOR shall respond to COUNTY within two hours. After normal business hours, including weekends, CONTRACTOR shall respond to notifications made by COUNTY's Project Manager or his or her designee within two hours of such notification. Work begins as soon as possible after notification and continues until problem is resolved or a workaround is available. If resolution requires a software correction, it is delivered to COUNTY as soon as the correction is available.
2	A problem causing significant (but not critical) impact to COUNTY'S operation and no acceptable workaround is immediately available. Work begins after COUNTY'S priority 1 issues are resolved per definition 1 above, and continues until the problem is resolved or a workaround is available. If resolution requires a software correction, it is delivered to COUNTY as soon as the correction is available.
3	A problem that impairs functionality or performance, but COUNTY can work around it without undue effort. CONTRACTOR will investigate the problem, decide if workaround is acceptable and if resolution requires a software correction. If a software correction is required CONTRACTOR may schedule the correction for a future release and/or provide patch as soon as possible.
4	A request for information or assistance that is not of a serious nature, but that cannot be handled immediately over the phone. A software error or defect exists but does not impede any functionality or performance. CONTRACTOR will suggest a workaround to COUNTY. If a software correction is required CONTRACTOR may schedule the correction for a future release and/or provide a patch as soon as possible.

B. Hardware Maintenance

All servers are constantly monitored and updated with the latest patches and releases from each respective vendor. Microsoft security patches are maintained using WSUS (Windows Security Update Server). These patches are downloaded and installed automatically upon authorization of the network administrator. WSUS polls for updates on an hourly basis and alerts the administrator as soon as patches are available. Service Packs are downloaded as soon as they are available. They are installed on test servers, and then on corporate production servers. Once they have been verified for internal production, then they are scheduled for installation on the ASP environment.

EXHIBIT A
Attachment I

1. Upon release of a new version of the operating system or database version, CONTRACTOR will schedule a certifications test. COUNTY will receive regular updates to the application software. As part of the application upgrade, CONTRACTOR will review the operating system and database versions running on the database server. If there is a new version of either that has been certified by CONTRACTOR, it will be installed along with the new version of the application.
2. In addition, as part of the application upgrade, any microcode or firmware updates available for the database server are installed as well. In the event that a maintenance level update for the operating system is determined to be of a critical nature that cannot wait for an application upgrade, it will be scheduled and installed along with any microcode or firmware updates as soon as possible.
3. During each application upgrade, all hardware is reviewed. Any hardware not meeting all functional and security requirements is replaced. The average tenure for servers in the ASP environment is 3 – 5 years.

C. System Operations

1. CONTRACTOR ensures system operation service levels as follows:
 - a. 24x7x365 real-time monitoring and alerting of every element of the ASP environment is conducted to track the overall health of systems and proactively address any possible problematic areas.
 - b. Fault-tolerant, redundant and failover systems are in place to ensure high availability, data integrity and that no single points of failure exist for the maximum possible up-time.
 - c. Occasionally the internet service provider that services the GenSource ASP datacenter will perform regularly scheduled maintenance which could affect internet communications to the datacenter. The scheduled maintenance is performed after-hours or on weekends and will be communicated to COUNTY as soon as CONTRACTOR is aware of the planned maintenance which usually ranges from 15 minutes to 1 hour in duration.

D. Back-up and Discovery Recovery

1. CONTRACTOR'S back up and recovery services currently in place are:
 - a. Full backups are performed on all production servers nightly. In addition, server images are taken prior to any updates
 - b. Backup tapes are sent to an off-site data storage site each weeknight. The monthly backup set is saved permanently at the site.
 - c. Restore time is dependent on the amount of data needed, the type of restore (software or data) and the date the restore is from. If the required tape is off-site, it can be retrieved in less than 2 hours. The time for a restore could be anywhere from 30 minutes to 4 hours.

EXHIBIT A
Attachment I

- d. All servers and communication equipment are connected to an Uninterrupted Power Supply. CONTRACTOR'S current backup site is its Irvine office. CONTRACTOR plans to have its hot-site setup in a hardened data center by Q3 of next year
- 2. The current data center will be equipped with Halon fire extinguishers. The new hot-site will have an early warning smoke detection system that will automatically drop the temperature, as well as smoke detectors that release dry flame retardant. The current data center is accessible only via key cards, which are held by a limited number of personnel.

E. Software Licenses

See item B above for operating system updates.

Notifications are immediately provided by each respective software vendor upon the release of any new hot fix or service pack. All hot fixes and service packs are installed and tested in a test environment. Upon successful completion of the test, they are scheduled for installation in production.

As for the claims management applications, a new release will be installed every two years. In the interim, any fixes or enhancements done for the COUNTY or any critical fixes will be installed as soon as they have tested.

F. Software Updates

Once a patch has successfully completed CONTRACTOR'S internal quality assurance process, it is installed in a test environment on the COUNTY'S servers. Once CONTRACTOR'S internal QA team has tested it there, the COUNTY will be given the opportunity to test it. Once the COUNTY has given its approval, the changes are moved into the production environment.

Enhancements are normally included in the new version of the software, released each year. The COUNTY'S maintenance plans provides for the installation of a new release every other year. If an enhancement is deemed critical such that it cannot wait for a next version of the software, it would be installed as described above for software patches.

New releases are created once a year. Every other year, the new release will be installed on the COUNTY'S servers. A project manager will be assigned to oversee the installation of the new release and a project plan will be provided to the COUNTY for the installation. A requirements session, training and user acceptance testing will all be included in the plan.

Upon release of any new third party software that integrates with GenIRIS, it is scheduled for compatibility testing. Once tested, the new versions will be installed along with the next application upgrade. If the third party software is shared across the client base, then the new version will be installed for all clients upon the next client upgrade. All clients will be contacted in advance of the change and provided ample time for testing in the test environment.

***Request for Customization, Billable Services and
Authorization Procedures***

Updated: 11/08/2006

J.Kubota

This is an overview of the GenSource Client Support procedures for processing Request for Estimates and the Authorization for Billable Services.

Request for Estimate

1. Client completes and sends a Request for Estimate (RFE), copy attached, to their GenSource Client Support Representative.
2. Support Rep saves an electronic copy of the RFE in the online Client Support files.
3. Support Rep opens a tracking database case. This database is used for internal work assignments and recording status.
4. Support Rep forwards RFE to upper management for work approval.
5. If approved, support Rep opens a project in a database used for timekeeping and billing purposes.
6. Support Rep sends approval or rejection notice to the client.
7. Support Rep distributes the approved RFE to consulting and the product manager for analysis and design of the project, in order to determine the estimate of work.
8. Support Rep assigns the work in the tracking database to the product manager or consulting.

AUTHORIZATION FOR BILLABLE SERVICES

1. Estimator performs the analysis of the project.
2. Estimator gives the estimate to the Support Rep and assigns track back to the Rep for communicating an Authorization of Billable Services to the client.
3. Rep coordinates and collects the estimated hours for completion of the request from all departments.
4. Rep assembles the quote on an Authorization form, copy attached, and emails the quoted Authorization for Billable Services to the client.
 - Rep saves a copy of the Authorization in the online Client Support files.
 - Rep updates the tracking database with the quoted hours and client communication information.
5. The client either:
 - Accepts, signs and returns the Authorization for Billable Services to the Rep, or
 - Rejects the Authorization for Billable Services.
6. If authorization is rejected the project is cancelled in the database and the track is closed.
7. If authorization is accepted, the Rep:
 - Updates the online Client Support files, tracking and project databases;
 - Assigns the work to the product or operations manager; and
 - Distributes the Authorization to appropriate internal department personnel.
8. Monthly hours are invoiced to the client based on actual work completed on the project in the previous month. Invoicing continues through project completion.
9. Upon project completion and internal QA, a service patch is generated and installed on the client's test environment for client testing.
10. The client tests and informs their Rep that the change is approved for production use.
11. The Rep schedules a time for programming to install the program changes into the production accounts.
12. The changes are moved into Live production.

Project/Contract Description:

The Chief Executive Office (CEO) is seeking Board approval for a sole source Contract with P&C Claims, Inc. (P&C) for a hosted software solution for administration and management of workers' compensation claims. The Contract's maximum contract sum is \$2,885,232 with a base term of three (3) years with three (3) one-year options. The Contract will provide services to:

- The County's four Third Party Administrators for claims administration of 10,500 new workers' compensation claims annually and 24,000 open claims; and
- County employees to process, monitor, and report on the workers' compensation claims.

Background:

This Contract is a continuation of services provided under Contract 76027 approved by your Board on February 13, 2007 with GenSource Corporation (GenSource) now P&C. Prior to Contract 76027, GenSource workers' compensation claim administration, hosting services, software licenses, and maintenance services were obtained through purchase orders contracts processed under the authority of the Internal Services Department.

Project Justification/Benefits:

P&C has provided consistent and reliable workers' compensation claim services to the County since 1985. Approval of this Contract provides continuation of services and an upgrade of the existing system to P&C's latest system. CEO's Risk Management Administration is developing a comprehensive enterprise information technology (IT) strategy to support all of its risk management programs.

Project Metrics:

The Contract identifies service levels and system performance metrics to be provided by the Contractor for the Contract term. It also specifies that data ownership remains with the County.

Impact on Service Delivery or Department Operations, if Proposal is Not Approved:

If the Contract is not approved, the Contractor's workers' compensation claim administrative services will expire February 28, 2012.

Alternatives Considered:

Based on the current time line and the development of a comprehensive enterprise IT strategy by the Risk Management Administration, acquiring and implementing a new workers' compensation administration solution would not be feasible.

Project Risks:

The CEO Risk Management Administration mitigates the hosting and performance risks by utilizing the service levels and system performance metrics specified in the Contract, as well as providing executive sponsorship, stable project staffing with clear roles and responsibilities. The County's Chief Information Security Officer reviewed the Amendment and requested that a "security breach and notification" paragraph be added to the Contract. CIO will continue to work with P&C Claims to ensure that sensitive data is encrypted.

Risk Mitigation Measures:

The CEO Risk Group utilizes the risk mitigation measures described above and will continue to monitor these risks throughout the Contract.

Financial Analysis:

The maximum contract sum for the 3 year base term is \$1,519,684 with \$483,288 for the first one-year option year term; \$438,484 for the second one-year option year term; \$443,776 for the first one-year option year term. The total for the 3 one-year options is \$1,365,548.

The total cost of the Contract is \$2,885,232 with each of the service component costs for the Contract delineated in the Table below:

Maintenance and Support Services Base Term	\$749,184
State Mandated EDI Data Transmission Services	\$310,500
Training Services	\$60,000
Upgrade Services	\$300,000
Optional Services	\$100,000
Total Base Services	\$1,519,684

Maintenance and Support Services Total Options	\$795,048
State Mandated EDI Data Transmission Services	\$310,500
Training Services	\$60,000
Optional Services	\$200,000
Total Optional Services	\$1,365,548

The total funding of \$2,885,232 for this Contract is provided by the Workers' Compensation Trust Fund.

CIO Concerns:

None.

CIO Recommendations:

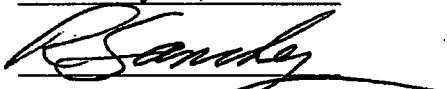

Based on current needs of this system by the CEO's Risk Management Administration, my Office supports the action stated above and recommends approval by the Board.

SOLE SOURCE CHECKLIST

Check (✓)	JUSTIFICATION FOR SOLE SOURCE CONTRACTS Identify applicable justification and provide documentation for each checked item.
	➤ Only one bona fide source for the service exists; performance and price competition are not available.
	➤ Quick action is required (emergency situation).
	➤ Proposals have been solicited but no satisfactory proposals were received.
	➤ Additional services are needed to complete an ongoing task and it would be prohibitively costly in time and money to seek a new service provider.
	➤ Maintenance service agreements exist on equipment which must be serviced by the authorized manufacturer's service representatives.
	➤ It is most cost-effective to obtain services by exercising an option under an existing contract.
✓	➤ It is in the best interest of the County e.g., administrative cost savings, excessive learning curve for a new service provider, etc.
	➤ Other reason. Please explain:

**SOLE SOURCE JUSTIFICATION
FOR
WORKERS' COMPENSATION CLAIMS ADMINISTRATION
SYSTEM AND HOSTING SERVICES CONTRACT**

- ✓ This sole source contract is fiscally responsible. Chief Executive Office (CEO) staff evaluated the 5-year cost of converting, migrating, and maintaining a new Workers' Compensation Claims Administration and Information System (WCCAIS), and estimated the total cost to be \$4,000,000 - \$4,750,000. The evaluation utilized the WCCAIS transition costs of a large public agency and applied County of Los Angeles (County) requirements to those costs. Supporting documentation is available for review. The CEO staff estimates the maximum 5-year cost of the proposed contract to be \$2,291,456. That cost includes conversion and migration to a Microsoft.NET framework product. Should the County elect not to migrate to a new platform, the estimated 5-year cost would be \$1,850,000.
- ✓ This sole source contract maximizes operational effectiveness by allowing the uninterrupted provision of mandatory workers' compensation benefits and ensures mandatory Federal and State reporting compliance. In addition, the proposed move to a new framework can be completed and tested with no system down time and no duplication of cost.
- ✓ Current resource limitations in the CEO Risk Management Branch (RMB) and CEO Information Technology Services (ITS) will hamper the ability to guarantee multiple WCCAIS interfaces are operational.
- ✓ Current resource limitations in CEO RMB and CEO ITS will constrain training availability. Such training is critical when moving to a completely new WCCAIS and will be required for 300 users. The user groups will have different needs and require different training.
- ✓ The conversion and migration from one P&C Claims, Inc., product to another will limit cost, down time, and uncertainties inherent in large information technology migrations. In addition, CEO ITS believes that upgrading to a ".NET" framework will ease transitioning to a comparative product in the future.

- 8.6.2 Contractor shall indemnify, defend, and hold harmless County, its officers, employees, and agents, from and against any and all claims, demands, damages, liabilities, losses, costs, and expenses, including, without limitation, defense costs and legal, accounting and other expert, consulting or professional fees, arising from, connected with, or related to any failure by Contractor, its officers, employees, agents, or subcontractors to comply with any such laws, rules, regulations, ordinances, directives, guidelines, policies, or procedures, as determined by County in its sole judgment. Any legal defense pursuant to Contractor's indemnification obligations under this Subparagraph 8.6 shall be conducted by Contractor and performed by counsel selected by Contractor and approved by County. Notwithstanding the preceding sentence, County shall have the right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with a full and adequate defense, as determined by County in its sole judgment, County shall be entitled to retain its own counsel, including, without limitation, County Counsel, and reimbursement from Contractor for all such costs and expenses incurred by County in

doing so. Contractor shall not have the right to enter into any settlement, agree to any injunction or other equitable relief, or make any admission, in each case, on behalf of County without County's prior written approval.

8.7 Compliance with Civil Rights Laws

The Contractor hereby assures that it will comply with Subchapter VI of the Civil Rights Act of 1964, USC Sections 2000(e)(1) through 2000(e)(17), to the end that no person shall, on the grounds of race, creed, color, sex, religion, ancestry, age, condition of physical handicap, marital status, political affiliation, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract. The Contractor shall comply with Exhibit C (Contractor's EEO Certification).

8.8 Compliance with the County's Jury Service Program

8.8.1 Jury Service Program:

This Contract is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County code, a copy of which is attached as Exhibit G and incorporated by reference into and made a part of this Contract.

8.8.2 Written Employee Jury Service Policy

1. Unless the Contractor has demonstrated to the County's satisfaction either that the Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that the Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), the Contractor shall have and adhere to a written policy that provides that its Employees shall receive from the Contractor, on an annual basis, no less than five (5) days of regular pay for actual jury services. The policy may provide that Employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the Employee's regular pay the fees received for jury service.
2. For purposes of this Paragraph, "Contractor" means a person, partnership, corporation or other entity which has a

contract with the County or a subcontract with a County Contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full-time employee of the Contractor. "Full-time" means forty (40) hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of ninety (90) days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If the Contractor uses any subcontractor to perform services for the County under the Contract, the subcontractor shall also be subject to the provisions of this Paragraph. The provisions of this Paragraph shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.

3. If the Contractor is not required to comply with the Jury Service program when the Contract commences, the Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and the Contractor shall immediately notify the County if the Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if the Contractor no longer qualifies for an exception to the Jury Service Program. In either event, the Contractor shall immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during the Contract and at its sole discretion, that the Contractor demonstrate, to the County's satisfaction that the Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that the Contractor continues to qualify for an exception to the program.
4. Contractor's violation of this Subparagraph of the Contract may constitute a material breach of the Contract. In the event of such material breach, County may, in its sole discretion, terminate the Contract and/or bar the Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

8.9 Conflict of Interest

8.9.1 No County employee whose position with the County enables such employee to influence the award of this Contract or any competing Contract, and no spouse or economic dependent of such employee, shall be employed in any capacity by the Contractor or have any other direct or indirect financial interest in this Contract. No officer or employee of the Contractor who may financially benefit from the performance of work hereunder shall in any way participate in the County's approval, or ongoing evaluation, of such work, or in any way attempt to unlawfully influence the County's approval or ongoing evaluation of such work

8.9.2 The Contractor shall comply with all conflict of interest laws, ordinances, and regulations now in effect or hereafter to be enacted during the term of this Contract. The Contractor warrants that it is not now aware of any facts that create a conflict of interest. If the Contractor hereafter becomes aware of any facts that might reasonably be expected to create a conflict of interest, it shall immediately make full written disclosure of such facts to the County. Full written disclosure shall include, but is not limited to, identification of all persons implicated and a complete description of all relevant circumstances. Failure to comply with the provisions of this subparagraph shall be a material breach of this Contract.

8.10 Consideration of Hiring County Employees Targeted for Layoff/Or Re-Employment List

Should the Contractor require additional or replacement personnel after the effective date of this Contract to perform the services set forth herein, the Contractor shall give first consideration for such employment openings to qualified, permanent County employees who are targeted for layoff or qualified, former County employees who are on a re-employment list during the life of this Contract.

8.11 Consideration of Hiring GAIN/GROW Program Participants

8.11.1 Should the Contractor require additional or replacement personnel after the effective date of this Contract, the Contractor shall give consideration for any such employment openings to participants in the County's Department of Public Social Services Greater Avenues for Independence (GAIN) Program or General Relief Opportunity for Work (GROW) Program who meet the Contractor's minimum qualifications for the open position. For

this purpose, consideration shall mean that the Contractor will interview qualified candidates. The County will refer GAIN/GROW participants by job category to the Contractor.

- 8.11.2 In the event that both laid-off County employees and GAIN/GROW participants are available for hiring, County employees shall be given first priority.

8.12 **Contractor Responsibility and Debarment**

8.12.1 Responsible Contractor

A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible Contractors.

8.12.2 Chapter 2.202 of the County Code

The Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Contractor on this or other contracts which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Contract, debar the Contractor from bidding or proposing on, or being awarded, and/or performing work on County contracts for a specified period of time, which generally will not exceed five (5) years but may exceed five (5) years or be permanent if warranted by the circumstances, and terminate any or all existing Contracts the Contractor may have with the County.

8.12.3 Non-responsible Contractor

The County may debar a Contractor if the Board of Supervisors finds, in its discretion, that the Contractor has done any of the following: (1) violated a term of a contract with the County or a nonprofit corporation created by the County, (2) committed an act or omission which negatively reflects on the Contractor's quality, fitness or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against the County or any other public entity.

8.12.4 Contractor Hearing Board

1. If there is evidence that the Contractor may be subject to debarment, the Department will notify the Contractor in writing of the evidence which is the basis for the proposed debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.
2. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board shall prepare a tentative proposed decision, which shall contain a recommendation regarding whether the Contractor should be debarred, and, if so, the appropriate length of time of the debarment. The Contractor and the Department shall be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board of Supervisors.
3. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board shall be presented to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.
4. If a Contractor has been debarred for a period longer than five (5) years, that Contractor may after the debarment has been in effect for at least five (5) years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the Contractor has adequately demonstrated one or more of the following: (1) elimination of the grounds for which the debarment was imposed; (2) a bona fide change in ownership or management; (3) material evidence discovered after debarment was imposed; or (4) any other reason that is in the best interests of the County.
5. The Contractor Hearing Board will consider a request for review of a debarment determination only where (1) the

Contractor has been debarred for a period longer than five (5) years; (2) the debarment has been in effect for at least five (5) years; and (3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.

6. The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

8.12.5 Subcontractors of Contractor

These terms shall also apply to subcontractors of County Contractors.

8.13 Contractor's Acknowledgment of County's Commitment to the Safely Surrendered Baby Law

The Contractor acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. The Contractor understands that it is the County's policy to encourage all County Contractors to voluntarily post the County's "Safely Surrendered Baby Law" poster in a prominent position at the Contractor's place of business. The Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. The County's Department of Children and Family Services will supply the Contractor with the poster to be used. Information on how to receive the poster can be found on the internet at www.babysafela.org.

8.14 Contractor's Warranty of Adherence to County's Child Support Compliance Program

8.14.1 The Contractor acknowledges that the County has established a goal of ensuring that all individuals who benefit financially from the County through contract are in compliance with their court-ordered child, family and spousal support obligations in order to mitigate the economic burden otherwise imposed upon the County and its taxpayers.

8.14.2 As required by the County's Child Support Compliance Program (County Code Chapter 2.200) and without limiting the Contractor's duty under this Contract to comply with all applicable provisions of law, the Contractor warrants that it is now in compliance and shall during the term of this Contract maintain in compliance with employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653a) and California Unemployment Insurance Code Section 1088.5, and shall implement all lawfully served Wage and Earnings Withholding Orders or Child Support Services Department Notices of Wage and Earnings Assignment for Child, Family or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code Section 5246(b).

8.15 County's Quality Assurance Plan

The County or its agent will evaluate the Contractor's performance under this Contract on not less than an annual basis. Such evaluation will include assessing the Contractor's compliance with all Contract terms and conditions and performance standards. Contractor deficiencies which the County determines are severe or continuing and that may place performance of the Contract in jeopardy if not corrected will be reported to the Board of Supervisors.

The report will include improvement/corrective action measures taken by the County and the Contractor. If improvement does not occur consistent with the corrective action measures, the County may terminate this Contract or impose other penalties as specified in this Contract.

8.16 Damage to County Facilities, Buildings or Grounds

8.16.1 The Contractor shall repair, or cause to be repaired, at its own cost, any and all damage to County facilities, buildings, or grounds caused by the Contractor or employees or agents of the Contractor. Such repairs shall be made immediately after the

Contractor has become aware of such damage, but in no event later than thirty (30) days after the occurrence.

- 8.16.2 If the Contractor fails to make timely repairs, County may make any necessary repairs. All costs incurred by County, as determined by the County, for such repairs shall be repaid by the Contractor by cash payment upon demand.

8.17 Employment Eligibility Verification

- 8.17.1 The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing work under this Contract meet the citizenship or alien status requirements set forth in Federal and State statutes and regulations. The Contractor shall obtain, from all employees providing work hereunder, all verification and other documentation of employment eligibility status required by Federal and State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986 (P.L. 99-603), or as they currently exist and as they may be hereafter amended. The Contractor shall retain all such documentation for all covered employees for the period prescribed by law.
- 8.17.2 The Contractor shall indemnify, defend, and hold harmless, the County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against the Contractor or the County or both in connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing work under this Contract.

8.18 Facsimile Representations

The County and Contractor hereby agree to regard facsimile representations of original signatures of authorized officers of each party, when appearing in appropriate places on the Change Notices and Amendments prepared pursuant to Subparagraph 8.4, and received via communications facilities, as legally sufficient evidence that such original signatures have been affixed to Change Notices and Amendments to this Contract, such that the parties need not follow up facsimile transmissions of such documents with subsequent (non-facsimile) transmission of "original" versions of such documents.

8.19 Fair Labor Standards

The Contractor shall comply with all applicable provisions of the Federal Fair Labor Standards Act and shall indemnify, defend, and hold harmless the County and its agents, officers, and employees from any and all liability, including, but not limited to, wages, overtime pay, liquidated damages, penalties, court costs, and attorneys' fees arising under any wage and hour law, including, but not limited to, the Federal Fair Labor Standards Act, for work performed by the Contractor's employees for which the County may be found jointly or solely liable.

8.20 Force Majeure

- 8.20.1 Neither party shall be liable for such party's failure to perform its obligations under and in accordance with this Contract, if such failure arises out of fires, floods, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by such party or any of such party's subcontractors), freight embargoes, or other similar events to those described above, but in every such case the failure to perform must be totally beyond the control and without any fault or negligence of such party (such events are referred to in this Subparagraph as "force majeure events").
- 8.20.2 Notwithstanding the foregoing, a default by a subcontractor of Contractor shall not constitute a force majeure event, unless such default arises out of causes beyond the control of both Contractor and such subcontractor, and without any fault or negligence of either of them. In such case, Contractor shall not be liable for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule. As used in this Subparagraph, the term "subcontractor" and "subcontractors" mean subcontractors at any tier.
- 8.20.3 In the event Contractor's failure to perform arises out of a force majeure event, Contractor agrees to use commercially reasonable best efforts to obtain goods or services from other sources, if applicable, and to otherwise mitigate the damages and reduce the delay caused by such force majeure event.

8.21 Governing Law, Jurisdiction, and Venue

This Contract shall be governed by, and construed in accordance with, the laws of the State of California. The Contractor agrees and consents to the exclusive jurisdiction of the courts of the State of California for all

purposes regarding this Contract and further agrees and consents that venue of any action brought hereunder shall be exclusively in the County of Los Angeles.

8.22 Independent Contractor Status

8.22.1 This Contract is by and between the County and the Contractor and is not intended, and shall not be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association, as between the County and the Contractor. The employees and agents of one party shall not be, or be construed to be, the employees or agents of the other party for any purpose whatsoever.

8.22.2 The Contractor shall be solely liable and responsible for providing to, or on behalf of, all persons performing work pursuant to this Contract all compensation and benefits. The County shall have no liability or responsibility for the payment of any salaries, wages, unemployment benefits, disability benefits, Federal, State, or local taxes, or other compensation, benefits, or taxes for any personnel provided by or on behalf of the Contractor.

8.22.3 The Contractor understands and agrees that all persons performing work pursuant to this Contract are, for purposes of Workers' Compensation liability, solely employees of the Contractor and not employees of the County. The Contractor shall be solely liable and responsible for furnishing any and all Workers' Compensation benefits to any person as a result of any injuries arising from or connected with any work performed by or on behalf of the Contractor pursuant to this Contract.

8.22.4 The Contractor shall adhere to the provisions stated in Paragraph 7.3 (Confidentiality).

8.24 General Provisions for All Insurance Coverage

Without limiting Contractor's indemnification of County, and in the performance of this Contract and until all of its obligations pursuant to this Contract have been met, Contractor shall provide and maintain at its own expense insurance coverage satisfying the requirements specified in Subparagraphs 8.24. and 8.25 of this Contract. These minimum insurance coverage terms, types and limits (the "Required Insurance") also are in addition to and separate from any other contractual obligation imposed upon Contractor pursuant to this Contract. The County in no way warrants that the Required Insurance is sufficient to protect the Contractor for liabilities which may arise from or relate to this Contract.

8.24.1 Evidence of Coverage and Notice to County

1. The Insured party named on the Certificate shall match the name of the Contractor identified as the contracting party in this Contract. Certificates shall provide the full name of each insurer providing coverage, its NAIC (National Association of Insurance Commissioners) identification number, its financial rating, the amounts of any policy deductibles or self-insured retentions exceeding fifty thousand dollars (\$50,000.00), and list any County required endorsement forms.
4. Neither the County's failure to obtain, nor the County's receipt of, or failure to object to a non-complying insurance certificate or endorsement, or any other insurance documentation or information provided by the Contractor, its

insurance broker(s) and/or insurer(s), shall be construed as a waiver of any of the Required Insurance provisions.

Contractor also shall promptly report to County any injury or property damage accident or incident, including any injury to a Contractor employee occurring on County property, and any loss, disappearance, destruction, misuse, or theft of County property, monies or securities entrusted to Contractor. Contractor also shall promptly notify County of any third party claim or suit filed against Contractor or any of its subcontractors which arises from or relates to this Contract, and could result in the filing of a claim or lawsuit against Contractor and/or County.

The County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, Employees and Volunteers (collectively County and its Agents) shall be provided additional insured status under Contractor's General Liability policy with respect to liability arising out of Contractor's ongoing and completed operations performed on behalf of the County. County and its Agents additional insured status shall apply with respect to liability and defense of suits arising out of the Contractor's acts or omissions, whether such liability is attributable to the Contractor or to the County. The full policy limits and scope of protection also shall apply to the County and its Agents as an additional insured, even if they exceed the County's minimum Required Insurance specifications herein. Use of an automatic additional insured endorsement form is acceptable providing it satisfies the Required Insurance provisions herein.

8.24.3 Cancellation of or Changes in Insurance

Contractor shall provide County with, or Contractor's insurance policies shall contain a provision that County shall receive, written notice of cancellation or any change in Required Insurance, including insurer, limits of coverage, term of coverage or policy period. The written notice shall be provided to County at least ten (10) days in advance of cancellation for non-payment of premium and thirty (30) days in advance for any other cancellation or policy change. Failure to provide written notice of cancellation or any change in Required Insurance may constitute a material breach of the Contract, in the sole discretion of the County, upon which County may suspend or terminate this Contract.

8.24.4 Failure to Maintain Insurance

Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance shall constitute a material breach of the Contract, upon which County immediately may withhold payments due to Contractor, and/or suspend or terminate this Contract. County, at its sole discretion, may obtain damages from Contractor resulting from said breach. Alternatively, the County may purchase the Required Insurance, and without further notice to Contractor, deduct the premium cost from sums due to Contractor or pursue Contractor reimbursement.

Coverage shall be placed with insurers acceptable to the County with A.M. Best ratings of not less than A:VII unless otherwise approved by County.

8.24.6 Contractor's Insurance Shall Be Primary

Any County maintained insurance or self-insurance coverage shall be in excess of and not contribute to any Contractor coverage.

8.24.7 Waivers of Subrogation

To the fullest extent permitted by law, the Contractor hereby waives its rights and its insurer(s)' rights of recovery against County under all the Required Insurance for any loss arising from or relating to this Contract. The Contractor shall require its insurers to execute any waiver of subrogation endorsements which may be necessary to effect such waiver.

8.24.8 Subcontractor Insurance Coverage Requirements

Contractor shall include all subcontractors as insureds under Contractor's own policies, or shall provide County with each subcontractor's separate evidence of insurance coverage. Contractor shall be responsible for verifying each subcontractor complies with the Required Insurance provisions herein, and shall require that each subcontractor name the County and Contractor as additional insureds on the subcontractor's General Liability policy. Contractor shall obtain County's prior review and approval

of any subcontractor request for modification of the Required Insurance.

8.24.9 Deductibles and Self-Insured Retentions (SIRs)

Contractor's policies shall not obligate the County to pay any portion of any Contractor deductible or SIR. The County retains the right to require Contractor to reduce or eliminate policy deductibles and SIRs as respects the County, or to provide a bond guaranteeing Contractor's payment of all deductibles and SIRs, including all related claims investigation, administration and defense expenses. Such bond shall be executed by a corporate surety licensed to transact business in the State of California.

8.24.10 Claims Made Coverage

If any part of the Required Insurance is written on a claims made basis, any policy retroactive date shall precede the effective date of this Contract. Contractor understands and agrees it shall maintain such coverage for a period of not less than three (3) years following Contract expiration, termination or cancellation.

8.24.11 Application of Excess Liability Coverage

Contractors may use a combination of primary, and excess insurance policies which provide coverage as broad as ("follow form" over) the underlying primary policies, to satisfy the Required Insurance provisions.

Subject to applicable law, the County shall make a reasonable effort to maintain the confidentiality of such audit report(s).
- 8.37.2 Failure on the part of the Contractor to comply with any of the provisions of this Subparagraph 8.37 shall constitute a material breach of this Contract upon which the County may terminate or suspend this Contract.

8.37.3 If, at any time during the term of this Contract, or within five (5) years after the expiration or termination of this Contract, representatives of the County conduct an audit of the Contractor regarding the work performed under this Contract, and if such audit finds that the County's dollar liability for any such work is less than the payments made by the County to the Contractor, then the difference shall be either: a) repaid by the Contractor to the County by cash payment upon demand or b) at the sole option of the County's Auditor-Controller, deducted from any amounts due to the Contractor from the County, whether under this Contract or otherwise. If such audit finds that the County's dollar liability for such work is more than the payments made by the County to the Contractor, then the difference shall be paid to the Contractor by the County by cash payment, provided that in no event shall the County's maximum obligation for this Contract exceed the funds appropriated by the County for the purpose of this Contract.

- A description of the work to be performed by the subcontractor;
- A draft copy of the proposed subcontract; and
- Other pertinent information and/or certifications requested by the County.

8.39.3 The Contractor shall indemnify and hold the County harmless with respect to the activities of each and every subcontractor in the

same manner and to the same degree as if such subcontractor(s) were Contractor's employees.

- 8.39.4 The Contractor shall remain fully responsible for all performances required of it under this Contract, including those that the Contractor has determined to subcontract, notwithstanding the County's approval of the Contractor's proposed subcontract.
- 8.39.5 The County's consent to subcontract shall not waive the County's right to prior and continuing approval of any and all personnel, including subcontractor employees, providing services under this Contract. The Contractor is responsible to notify its subcontractors of this County right.
- 8.39.6 The County Project Director is authorized to act for and on behalf of the County with respect to approval of any subcontract and subcontractor employees. After approval of the subcontract by the County, Contractor shall forward a fully executed subcontract to the County for their files.
- 8.39.7 The Contractor shall be solely liable and responsible for all payments or other compensation to all subcontractors and their officers, employees, agents, and successors in interest arising through services performed hereunder, notwithstanding the County's consent to subcontract.

Failure of the Contractor to maintain compliance with the requirements set forth in Subparagraph 8.14 (Contractor's Warranty of Adherence to County's Child Support Compliance Program), shall constitute default under this Contract. Without limiting the rights and remedies available to the County under any other provision of this Contract, failure of Contractor to cure such default within ninety (90) calendar days of written notice shall be grounds upon which the County may terminate this Contract pursuant to Subparagraph 8.42 (Termination for Default) and pursue debarment of the Contractor, pursuant to County Code Chapter 2.202.

8.41 Termination for Convenience

8.41.1 This Contract may be terminated, in whole or in part, from time to time, when such action is deemed by the County, in its sole discretion, to be in its best interest. Termination of work hereunder shall be effected by notice of termination to the Contractor specifying the extent to which performance of work is terminated and the date upon which such termination becomes effective. The date upon which such termination becomes effective shall be no less than **ninety (90)** days after the notice is sent.

8.41.2 After receipt of a notice of termination and except as otherwise directed by the County, the Contractor shall:

- Stop work under this Contract on the date and to the extent specified in such notice; and

- 8.42.2 Except with respect to defaults of any subcontractor, the Contractor shall not be liable for any such excess costs of the type identified in Subparagraph 8.42.1 above if its failure to perform this Contract arises out of causes beyond the control and without the fault of the Contractor. Such causes may include, but are not limited to: acts of god or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of Federal or State governments in their sovereign capacities, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, an unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either of them, the Contractor shall not be liable for any such excess costs for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required performance schedule. As used in this Subparagraph, the term "subcontractor(s)" means subcontractor(s) at any tier.
- 8.42.3 If, after the County has given notice of termination under the provisions of this Subparagraph 8.42, it is determined by the County that the Contractor was not in default under the provisions of this Subparagraph 8.42, or that the default was excusable under Subparagraph 8.42.2, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to Subparagraph 8.41 (Termination for Convenience).
- 8.42.4 The rights and remedies of the County provided in this Subparagraph 8.42 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.
- 8.42.5 Contractor may, by written notice to County, terminate the whole or any part of this Contract, if County has materially breached this Contract and has not cured such material breach within sixty (60) days of receiving notice of such breach.

8.43 Termination for Improper Consideration

- 8.43.1 The County may, by written notice to the Contractor, immediately terminate the right of the Contractor to proceed under this Contract if it is found that consideration, in any form, was offered or given by the Contractor, either directly or through an intermediary, to any County officer, employee, or agent with the intent of securing this Contract or securing favorable treatment with respect to the Contractor's performance pursuant to this Contract. In the event of such termination, the County shall be entitled to pursue the same remedies against the Contractor as it could pursue in the event of default by the Contractor.
- 8.43.2 The Contractor shall immediately report any attempt by a County officer or employee to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (800) 544-6861.

- 8.44.1 The County may terminate this Contract forthwith in the event of the occurrence of any of the following:
- Insolvency of the Contractor. The Contractor shall be deemed to be insolvent if it has ceased to pay its debts for at least sixty (60) days in the ordinary course of business or cannot pay its debts as they become due, whether or not a petition has been filed under the Federal Bankruptcy code, and whether or not the Contractor is insolvent within the meaning of the Federal Bankruptcy Code;

8.45 Termination for Non-Adherence of County Lobbyist Ordinance

The Contractor, and each County Lobbyist or County Lobbying firm as defined in County Code Section 2.160.010 retained by the Contractor, shall fully comply with the County's Lobbyist Ordinance, County Code Chapter 2.160. Failure on the part of the Contractor or any County Lobbyist or County Lobbying firm retained by the Contractor to fully comply with the County's Lobbyist Ordinance shall constitute a material breach of this Contract, upon which the County may in its sole discretion, immediately terminate or suspend this Contract.

8.46 Termination for Non-Appropriation of Funds

Notwithstanding any other provision of this Contract, the County shall not be obligated for the Contractor's performance hereunder or by any provision of this Contract during any of the County's future fiscal years unless and until the County's Board of Supervisors appropriates funds for this Contract in the County's Budget for each such future fiscal year. In the event that funds are not appropriated for this Contract, then this Contract shall terminate as of June 30 of the last fiscal year for which funds were appropriated. The County shall notify the Contractor in writing of any such non-allocation of funds at the earliest possible date.

8.47 Validity

If any provision of this Contract or the application thereof to any person or circumstance is held invalid, the remainder of this Contract and the application of such provision to other persons or circumstances shall not be affected thereby.

8.48 Waiver

No waiver by the County of any breach of any provision of this Contract shall constitute a waiver of any other breach or of such provision. Failure of the County to enforce at any time, or from time to time, any provision of this Contract shall not be construed as a waiver thereof. The rights and remedies set forth in this Subparagraph 8.48 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

8.49 Warranty Against Contingent Fees

8.49.1 The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon any Contract or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide establish commercial or selling agencies maintained by the Contractor for the purpose of securing business.

8.49.2 For breach of this warranty, the County shall have the right to terminate this Contract and, at its sole discretion, deduct from the Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

8.50 Warranty of Compliance with County's Defaulted Property Tax Reduction Program

Contractor acknowledges that County has established a goal of ensuring that all individuals and businesses that benefit financially from County through contract are current in paying their property tax obligations (secured and unsecured roll) in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.

Without limiting the rights and remedies available to County under any other provision of this Contract, failure of Contractor to cure such default within ten (10) days of notice shall be grounds upon which County may terminate this Contract and/or pursue debarment of Contractor, pursuant to County Code Chapter 2.206.

- 8.52.3 If Contractor fails (without a reasonable basis) to continue without delay its performance hereunder which County, in its sole discretion, determines should not be delayed as a result of such dispute, then any additional costs which may be incurred by Contractor or County as a result of Contractor's failure to continue to so perform shall be borne by the Contractor, and Contractor shall make no claim whatsoever against County for such costs. Contractor shall promptly reimburse County for such County costs, as determined by County, or County may deduct all such additional costs from any amounts due to Contractor from County, whether under this Contract or otherwise.
- 8.52.4 If County fails to continue without delay to perform its responsibilities under this Contract which County, in its sole discretion, determined should not be delayed as a result of such dispute, then any additional costs incurred by the Contractor or County as a result of County's failure to continue to so perform shall be borne by County, and County shall make no claim whatsoever against Contractor for such costs. County shall promptly reimburse Contractor for all such additional Contractor costs subject to the written approval of such costs by County.

Contractor shall continue to provide and/or make available, with the same frequency and distribution requirements, all reports currently being received and/or accessed by County.

13.0 QUALITY ASSURANCE PLAN

County shall evaluate Contractor's performance under the Contract in accordance with the procedures as specified in Paragraph 8.15 (County's Quality Assurance Plan), of the Contract.

14.0 BUSINESS CONTINUITY PLAN

Contractor shall provide to County a written Business Continuity Plan that specifies a structured and integrated process that ensures uninterrupted provision of critical services related to the Contract, following an event that could interrupt the business operations. The plan shall include, but not be limited to, the following:

- Contractor policies and procedures to assure County's continued operation following an event;
- A description of County critical services and business processes prioritized according to importance;
- Establish viable recovery time frames relative to its impact to County's operations;

- Alternative business processes and/or location information, including address, description of equipment in use, telephone and facsimile numbers, key contact and other critical information.

Contractor shall provide County with annual plan updates, due on the anniversary of the Contract.

The Business Continuity Plan is subject to County approval. County will not be required to identify deficiencies in Contractor's Business Continuity Plan. County shall neither assume responsibility nor liability for Contractor's Business Continuity Plan.

15.0 PERFORMANCE STANDARDS REQUIREMENTS (PSR) AND SERVICE LEVEL AGREEMENT (SLA)

The PSRs and SLAs, as specified in Attachment I to this Exhibit A are intended to be completely consistent with the terms and conditions of this Contract and Statement of Work, and are not meant or intended in any case to create, extend, revise, or expand any Contractor obligation or responsibility beyond that which is defined in the Contract or Statement of Work. In the event of any apparent inconsistency between services specified in the Contract, Exhibit A, the PSR and SLA, the meaning apparent in the Contract and Exhibit A will prevail. If the PSR and/or SLA seem to have created services that are not clearly set forth in the Contract and Exhibit A, those services will be null and void and place no requirement on the Contractor.

EXHIBIT A
ATTACHMENT I

PERFORMANCE STANDARDS REQUIREMENTS CHART

When Contractor's performance does not conform to the requirements of the Contract or if Contractor does not meet or maintain the agreed upon service levels, County will have the option to apply the following remedies providing such failure is not caused by an unreasonable delay or unreasonable lack of cooperation by County.

STANDARD	REMEDY
Deliverables for Task #1: Maintenance and Support Services	Failure to meet any part of this Deliverable may result in the termination of Contract for default as determined by County in its sole discretion.
Deliverables for Task #2: Compliant FROI/SROI Reporting	Failure to meet the terms of this Deliverable as a result of Contractor's negligence may result in a penalty of up to 15% of the FROI/SROI State Reporting annual costs specified in Exhibit B (Payment Schedule). Penalties will be determined by County and may be ongoing until deliverable is completed to County's satisfaction. Under no circumstance shall the County be responsible for any penalties applied by the State due to any action or deficiency for which Contractor is responsible.

SERVICE LEVEL AGREEMENT (SLA)

I. Maintenance and Support Services

A. Technical Support

1. Contractor shall provide help desk support via telephone, facsimile and/or email. The County has and will continue to have a dedicated support representative along with backup representatives in the event its dedicated representative is unavailable.
2. Contractor and County shall prioritize all issues, defects, and other errors according to the following schedule:

PRIORITY	DEFINITION
1	A problem causing critical impact to County's operation and no acceptable workaround is immediately available. Contractor shall respond to County within two (2) hours. After normal business hours, including weekends, Contractor shall respond to notifications made by the County Project Manager or designee within two (2) hours of such notification. Work begins as soon as possible after notification and continues until problem is resolved or a workaround is available. If resolution requires a software correction, it is delivered to County as soon as the correction is available.
2	A problem causing significant (but not critical) impact to County's operation and no acceptable workaround is immediately available. Work begins after County's Priority 1 issues are resolved as specified in Definition 1 above, and continues until the problem is resolved or a workaround is available. If resolution requires a software correction, it is delivered to County as soon as the correction is available.
3	A problem that impairs the functionality of performance, but County can work around it without undue effort. Contractor will investigate the problem, decide if a workaround is acceptable and if resolution requires a software correction. If a software correction is required, Contractor may schedule the correction for a future release and/or provide patch as soon as possible.
4	A request for information or assistance that is not of a serious nature, but that cannot be handled immediately over the telephone. A software error or defect exists but does not impede any functionality or performance. Contractor will suggest a workaround to County. If a software correction is required, Contractor may schedule the correction for a future release and/or provide a patch as soon as possible.

B. Hardware Maintenance

All servers are constantly monitored and updated with the latest patches and releases from each respective vendor. Microsoft security patches are maintained using WSUS (Windows Security Update Server). These patches are downloaded and installed automatically upon authorization of the network administrator. WSUS polls for updates on an hourly basis and alerts the administrator as soon as patches are available. Service Packs are downloaded as soon as they are available. They are installed on test servers, and then on corporate production servers. Once they have been verified for internal production, then they are scheduled for installation on the ASP environment.

1. Upon release of a new version of the operating system or database version, Contractor will schedule a certifications test. County will receive regular updates to the application software. As part of the application upgrade, Contractor will review the operating system and database versions running on the database server. If there is a new version of either that has been certified by Contractor, it will be installed along with the new version of the application.
2. In addition, as part of the application upgrade, any microcode or firmware updates available for the database server are installed as well. In the event that a maintenance level update for the operating system is determined to be of a critical nature that cannot wait for an application upgrade, it will be scheduled and installed along with any microcode or firmware updates as soon as possible.
3. During each application upgrade, all hardware is reviewed. Any hardware not meeting all functional and security requirements is replaced. The average tenure for servers in the ASP environment is 3-5 years.

C. Systems Operations

1. Contractor ensures the following system operation service levels:
 - a. 24X7X365 real-time monitoring and alerting of every element of the ASP environment is conducted to track the overall health of systems and proactively address any possible problematic areas.

- b. Fault-tolerant, redundant and failover systems are in place to ensure high availability, data integrity and that no single points of failure exist for the maximum possible up-time.
- c. Occasionally the internet service provider that services the GenSource ASP datacenter will perform regularly scheduled maintenance which could affect internet communications to the datacenter. The scheduled maintenance is performed after-hours or on weekends and will be communicated to County as soon as Contractor is aware of the planned maintenance which usually ranges from fifteen (15) minutes to one (1) hour in duration.

D. Back-up and Discovery Recovery

1. Contractor's back-up and recovery services currently in place are:

- a. Full back-ups are performed on all production servers nightly. In addition, server images are taken prior to any updates.
- b. Back-up tapes are sent to an off-site data storage site each weeknight. The monthly back-up set is saved permanently at the site.
- c. Restore time is dependent on the amount of data needed, the type of restore (software or data) and the date of the restore. If the required tape is off-site, it can be retrieved in less than two (2) hours. The time for a restore could vary from thirty (30) minutes to four (4) hours.
- d. All servers and communication equipment are connected to an Uninterrupted Power Supply. Contractor's current back-up site is _____.

2. The current data center is equipped with early warning smoke detection system that will automatically drop the temperature, as well as smoke detectors that release dry flame retardant. The data center is accessible only via key cards, which are held by a limited number of Contractor personnel.

E. Software Licenses

Notifications are immediately provided by each respective software vendor upon the release of any new hot fix or service pack. All hot fixes and service packs are installed and tested in a test environment. Upon

successful completion of the test, they are scheduled for installation in production.

For claims management applications, a new release will be installed every two (2) years. In the interim, any fixes or enhancements done for the County or any critical fixes will be installed as soon as they have tested.

F. Software Updates

Once a patch has successfully completed Contractor's internal quality assurance (QA) process, it is installed in a test environment on the County servers. Once Contractor's internal QA team has tested it, County will be given the opportunity to test it. Upon approval by County, the changes are moved into the production environment.

Enhancements are normally included in the new version of the software released each year. The County's maintenance requirements provides for the installation of a new release every other year. If an enhancement is deemed critical such that the County cannot wait for a next version of the software, it will be installed as specified for software patches.

New releases are created once a year. A new release will be installed on the County servers every other year. Contractor will assign a project manager to oversee the installation of the new release. Contractor will submit a project plan for the installation, that will include requirements session, training and user acceptance testing.

Any new release of a third party software that integrates with the application software will be subject to compatibility testing. Once tested, the new versions will be installed with the next application upgrade. If third party software is shared across the client base, then the new version will be installed for all clients during the next client upgrade. All clients will be notified in advance of the change in order to give time for testing the new version in a test environment.

P&C CLAIMS
REQUEST FOR CUSTOMIZATION, BILLABLE SERVICES
AND
AUTHORIZATION PROCEDURES

This is an overview of P&C Claims Client Support procedures for processing Request for Estimates and Authorization for Billable Services.

Request for Estimate

1. Client completes and sends a Request for Estimate (RFE), copy attached to its P&C Claims Client Support Representative (Support Rep).
2. Support Rep saves an electronic copy of the RFE in the online Client Support files.
3. Support Rep opens a tracking database case. This database is used for internal work assignments and recording status.
4. Support Rep forwards RFE to upper management for work approval.
5. If approved, Support Rep opens a project in the database used for timekeeping and billing purposes.
6. Support Rep sends approval or rejection notice to client.
7. Support Rep distributes the approved RFE to consulting and the product manager for analysis and design of project, in order to determine the estimate of work.
8. Support Rep assigns the work in the tracking database to the product manager or consulting.

Authorization for Billable Services

1. Estimator performs the analysis of the project.
2. Estimator gives the estimate to Support Rep and assigns track back to the Support Rep for communicating an Authorization of Billable Services to the client.
3. Support Rep coordinates and collects the estimated hours for completion of the work request from all departments.
4. Support Rep assembles the quote on an Authorization form, copy attached, and emails the quoted Authorization for Billable Services to client.
 - Support Rep saves a copy of the Authorization in the online Client Support files.
 - Support Rep updates the tracking database with the quoted hours and client communication information.
5. The client either:
 - Accepts, signs and returns the Authorization for Billable Services to the Support Rep, or
 - Rejects the Authorization for Billable Services
6. If authorization is rejected, the project is cancelled in the database and the track is closed.
7. If authorization is accepted, the Support Rep
 - Updates the online Client Support files, tracking and project databases.
 - Assigns the work to the product or operations manager.
 - Distributes the Authorization to the appropriate internal department personnel.
8. Monthly hours are invoiced to the client based on actual work completed on the project in the previous month. Invoicing continues through project completion.

9. Upon project completion and internal quality assurance, a service patch is generated and installed on the client's test environment for client testing.
10. The client tests and informs the Support Rep that the change is approved for production use.
11. The Support Rep schedules a time for programming to install the program changes into the production accounts.
12. The charges are moved into Live Production.

**Title 2 ADMINISTRATION
Chapter 2.203.010 through 2.203.090
CONTRACTOR EMPLOYEE JURY SERVICE**

2.203.010 Findings.

The board of supervisors makes the following findings. The county of Los Angeles allows its permanent, full-time employees unlimited jury service at their regular pay. Unfortunately, many businesses do not offer or are reducing or even eliminating compensation to employees who serve on juries. This creates a potential financial hardship for employees who do not receive their pay when called to jury service, and those employees often seek to be excused from having to serve. Although changes in the court rules make it more difficult to excuse a potential juror on grounds of financial hardship, potential jurors continue to be excused on this basis, especially from longer trials. This reduces the number of potential jurors and increases the burden on those employers, such as the county of Los Angeles, who pay their permanent, full-time employees while on juror duty. For these reasons, the county of Los Angeles has determined that it is appropriate to require that the businesses with which the county contracts possess reasonable jury service policies. (Ord. 2002-0015 § 1 (part), 2002)

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents to safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the ankle placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega confidencial de un recién nacido a uno de los padres u otras personas con custodia legal es de un niño o persona que los padres le hayan dado permiso. Siempre que el bebé tenga 14 días, 72 horas de vida o menos y no haya ningún abuso o negligencia, puede entregarse al recién nacido sin temor de ser castigado o procesado.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazalete y el padre/madre o el adulto que lo entregue recibirá un brazalete igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprana del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazalete con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

CONTRACTOR'S OBLIGATIONS AS A
"BUSINESS ASSOCIATE" UNDER THE HEALTH INSURANCE
PORTABILITY AND ACCOUNTABILITY ACT OF 1996
AND THE HEALTH CARE INFORMATION TECHNOLOGY
FOR ECONOMIC AND CLINICAL HEALTH ACT
(BUSINESS ASSOCIATE AGREEMENT)**

Under this Agreement, Contractor ("Business Associate") provides services ("Services") to County ("Covered Entity") and Business Associate receives, has access to or creates Protected Health Information in order to provide those Services.

Covered Entity is subject to the Administrative Simplification requirements of the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 ("HIPAA"), and regulations promulgated thereunder, including the Standards for Privacy of Individually Identifiable Health Information ("Privacy Regulations") and the Health Insurance Reform: Security Standards ("the Security Regulations") at 45 Code of Federal Regulations (C.F.R.) Parts 160 and 164 (together, the "Privacy and Security Regulations"). The Privacy and Security Regulations require Covered Entity to enter into a contract with Business Associate ("Business Associate Agreement") in order to mandate certain protections for the privacy and security of Protected Health Information, and those Regulations prohibit the disclosure to or use of Protected Health Information by Business Associate if such a contract is not in place.

Further, pursuant to the Health Information Technology for Economic and Clinical Health Act, Public Law 111-005, *title XIII and title IV of Division B*, ("HITECH Act"), effective February 17, 2010, certain provisions of the HIPAA Privacy and Security Regulations apply to Business Associates in the same manner as they apply to Covered Entity and such provisions must be incorporated into the Business Associate Agreement.

This Business Associate Agreement and the following provisions are intended to protect the privacy and provide for the security of Protected Health Information disclosed to or used by Business Associate in compliance with HIPAA's Privacy and Security Regulations and the HITECH Act, as they now exist or may hereafter be amended.

Therefore, the parties agree as follows:

Certain transmissions, including of paper, via facsimile, and of voice, via telephone, are not considered to be transmissions via electronic media, because the information being exchanged did not exist in electronic form before the transmission. The term "Electronic Media" draws no distinction between internal and external data, at rest (that is, in storage) as well as during transmission.
- 1.5 "Electronic Protected Health Information" has the same meaning as the term "electronic protected health information" in 45 C.F.R. § 160.103.
